AND TIMES-DEMOCRAT

HOME EDITION

THE NEWS MARKET PAGE IS THE BEST IN ALL OHIO

THIRTY-SIXTH YEAR

LIMA, OHIO, FRIDAY, SEPTEMBER 30, 1921

PRICE THREE CENTS

## Housekeepers

IN New York public schools, girls are being taught to keep house in small cramped flats. Too bad but that is necessary for the increasing tendency is for people to congest more thickly in cities.

It will be a red-letter day when the tide turns to the farms and city schools begin to teach girls how to keep house in the open country with its fresh air, good health, pure milk for babies, independent life, glorious nature and boundless playgrounds for the kiddies. Living in a city is a mild form of insanity.

## Jobs

AT the unemployment conference, the advisory committee recommends the rotation system, by which the individual works shorter time so that there'll be enough work for all.

Henry Ford installed the rotation system two weeks ago at his Highland Park and River Rouge plants. Each worker is idle one week in eight.

This is horse-sense. Every one should share in depression, just as we all should share prosperity when it is available.

## Yeggmen

YEGGMEN in the last 12 months burglarized 240 banks, says the American Bankers Association. Total loot was only \$239,087.95, an average haul for each "job" of \$996. Usually it has to be divided among a gang.

It's a queer sort of warped brain that will risk death or liberty in a venture that nets only \$996.

And for every 166 successful bank burglaries, 74 failed entirely. Does crime pay? Not even in dollars and cents.

## Tramps

YOU cannot get away from the law of supply and demand as long as you live in three dimensions. Einstein hasn't told us whether the law holds good in the fourth dimension, but probably it does.

The Shipping Board cuts ocean freight rates on grain a third. That's made necessary by the competition of tramp freighters.

When there are more ships than cargoes, supply and demand makes the price fall. Same with wages when men exceed jobs. It works the other way when cargoes exceed ships or jobs exceed men to fill them. We all have our ups and downs—but they're mostly ups.

## Speed

SADI LECONTE, French airman, steps into an airplane and flies nearly three and a half miles a minute.

That makes a new world's record, but it doesn't excite much attention, because it soon will be a common thing. In another 10 years, three and a half miles a minute will be slow flying.

Man, when his artificial wings are fully developed, will travel like a rifle bullet.

## Crime

ABOUT 2,000 men and women are awaiting trial in the District of Columbia, on criminal charges, ranging from grand larceny to murder. Sixty per cent of them are under 35 years of age.

Criminals among elderly people are exceptional. The longer one lives in this world, the more impressed he becomes with the truth that crime doesn't pay.

Then, too, it takes at least 35 years for a human to get his emotions and evil instincts under control. Usually longer.

## Shortage

YOU never miss the water till the well runs dry. Forests will not be appreciated until their destruction brings us a lumber famine. Our oil supply, gradually giving out, will not be valued at its real worth until we have to import our gasoline.

In England gasoline has to be imported and costs 60 cents a gallon. Just a matter of arithmetic until we pay the same.

Absence of natural resources in a country makes strange conditions. England has 125 bicycles to 1000 autos. In America, a bicycle is almost a curiosity. Conserve natural resources!

## Which?

A MAGAZINE asks: "If you were a part of a watch, which would you rather be, its face or its mainspring?"

That's an allegorical question, to set you thinking on what job you'd most like to do in the business world.

Our guess is that the average person would pass up the chance of being the face or the mainspring of a watch, and select the job of being the pretty girl's picture in the back of the case. After all, the whole watch runs only for her. So does the owner.

# 'LIMA PAYS TOO MUCH FOR COAL'

## Bound By Contracts, City Will Loose Big Sum

The city of Lima, bound by contracts, is paying more for its coal supply than surrounding cities. It is also paying more for coal than the Lima Board of Education, quality of coal considered.

Beginning Saturday, Oct. 1, the city will pay \$3 a ton at the mines for run of mine coal. Added to this will be the freight rates, which amount to \$2.17 a ton in Ohio, making the coal \$5.17 delivered at the city's dock. Whatever the cost of unloading will increase the price that much.

The city of Findlay is buying coal at \$2 a ton at the mines. St. Marys advertised some time ago for bids, which ranged from \$2.75 to \$3 a ton. All were rejected as being too high. That city today is buying coal in the open market for \$1.75 a ton.

Lima is contracted for the year's supply at \$3 for mine run.

The contracts were made in June by the service department. When the contract was made, it was agreed by the companies furnishing it that they would supply it for September at \$2.75. That agreement expires Friday.

The Lima Board of Education bought its winter's coal, a high grade of four-inch lump, delivered in the bins at the various school houses at \$5.48 a ton.

There is a wide difference between four-inch lump and run of mine, which the city gets.

"It is the finest consignment of coal any board ever bought in Lima," said Fred Calvert, member of the board, Friday.

"Our inspector told us there was not a bushel of slack in the whole lot and no slate," Guy Butler, another member and clerk of the board said.

Members of the board declared that they received the full

1,500 tons which the board bought. They had an inspector who weighed every load.

The city does not have this facility as coal is delivered in cars and dumped at the pumping station.

Two contracts were made by the service department, each for a maximum 2,000 tons.

The city may buy egg coal at \$3.25 at the mine under its contract.

The Lima contract was not awarded to lowest bidders. Two firms bid lower than the contract price, but were rejected.

"Lima is paying \$1.25 a ton too much for its coal if it is paying \$3," said George S. Cotter, superintendent of the waterworks department at Springfield Friday. "It should be buying it for \$1.60 to \$1.75 a ton at the mines. That's what I'm paying," he added.

## CASH PLENTIFUL AT VANCOUVER

Spillane Finds Business Brisk in Canadian City.

## BANK DEPOSITS ARE HIGH

Stores Crowded and the Theaters Well Patronized.

(By RICHARD SPILLANE)  
VANCOUVER, B. C. Sept. 30.

H. R. MacMillan, one of the principal exporters of lumber on the west coast, says his business this last month has been the largest in six years. Four sections of the earth now are buying. Rarely has he known more than two or three to be purchasers at the same time. His market is world-wide. He says Africa, India and the west coast of South America are not doing much in the lumber line. He indicated Australia, China, Japan, New Zealand and the United Kingdom as being the present purchasers. If this lumber demand is maintained Vancouver will not have much of an unemployment problem this winter as otherwise.

Aside from this sudden improvement in the lumber situation Vancouver is difficult to gauge. Retailers acknowledge they are doing well now but predict much unemployment this winter. Manufacturers say conditions have improved decidedly and the outlook for the winter is much better than last year. They are a bit critical of the retailers, asserting their prices are too high. Some manufacturers threaten if retailers do not cut their prices they will establish retail stores in opposition to them and teach a lesson to them they will not forget. In justice to the retailers it must be said rents are high, seemingly too high, and their overhead excessive. Various of them are reducing their forces. In fact salaried people seem to be the ones who have the most reason to worry.

There is no evidence of lack of money. Savings bank deposits are high. Theaters and motion picture houses are well patronized. Stores are crowded. A race meeting has been going on here which has drawn an average of five thousand persons a day. Admission charge is \$1.50. The pari-mutuel machines show \$175,000 a day wagered by the crowd.

Cool headed citizens say Vancouver is all right. They declare this center had a fictitious wave of prosperity and now the depression is equally fictitious. The real trouble with Vancouver, they say, is that it buys too much abroad and too little at home. There are 500 concerns hereabout making goods. British Columbia requires and 800 firms cater to domestic demands. Recently a questionnaire was sent to city representative industries in and about Vancouver as to whether the local market could consume 50 per cent more of their products and if so how many more workers they would employ and what additions would be necessary to their plants.

The replies of these fifty manufacturers was that the local market could take from 25 to 1,000 per cent more home products than it buys today; that 50 per cent increase would mean additions to 1,098 skilled and 550 unskilled workers to their forces and all but two said they could take care of the added business without increasing their plants.

The gentleman who sent out this questionnaire told the present writer that British Columbia purchased \$63,694,000 and approximately \$67,000,000 in 1920—nearly all of which came from the United States and paid \$10,000,000 additional on exchange and other charges. Advertising of American made goods in periodical publications of immediate circulation, he said, had created an immense market for American articles in the British Columbia field and now in city and country it was a habit.

Meanwhile Vancouver, which is "wet" is about as orderly and clean looking a city as you'll find on the western continent. In the time of present writer spent here he saw only one person showing any sign of liquor.

# LIMA MEN CONDEMN CANAL ACT

## SINGS AS HE GOES TO HIS DEATH

Carl Wanderer Hanged For Wife Murder in Chicago.

## GAME TO THE LAST MOMENT

Laughs and Talks With Guards During Night.

CHICAGO — (By United Press) — Carl Wanderer, with a song to the wife he murdered, on his lips, was hanged at the Cook-co jail at 7:21 this morning.

The murderer of three — Mrs. Wanderer, her unborn babe and the "poor boob" went to his death without a show of fear or an outward sign of repentance.

As he stood on the scaffold and the hangman's noose was being adjusted, Wanderer was asked if he had anything to say. He responded by singing in a clear resonant voice the chorus of "Old Pal Why Don't You Answer Me."

As the from a concert stage, the following words were sung without a break or waver in his voice.

"The long right there, I wait for you, 'Old Pal, why don't you answer me? My arms embrace an empty space The arms that held you tenderly. 'If you can hear my prayer 'Away up there 'Old Pal, why don't you answer me?'

A death-like quiet settled on the crowd, which packed the little enclosure where the scaffold was erected, until the last note was finished.

As the hood was adjusted, Wanderer repeated clearly the prayers intoned for him by his pastor. He stood erect, with his head and shoulders thrown back.

The trap was sprung at 7:21 and he was pronounced dead five minutes later.

"The gamest man who was ever hung in this jail," was the comment of attaches of the prison. Wanderer spent his last night singing and whistling between intermittent spells of sleep. He was buoyant and happy and talked and laughed with the guards. Frequently thru the night the guards heard the strains of "Old Pal, I Hear You Calling Me," coming from the condemned man's cell. He apparently was practicing the song which he planned to sing on the scaffold.

## HAS WIFE'S PICTURE

Wanderer had a newspaper picture of his wife near his heart when he was hung. He was allowed to place the picture inside of his shirt. Shortly before the death march began, he read a few passages from the Bible and then read from a pamphlet entitled "Hell," which he had taken to the death cell.

The triple murder which cost Wanderer his life, was committed in the vestibule of his home in June 21, 1920. He was returning from a theatre with his wife, a tramp, who had been hired by Wanderer to commit a "fake" hold-up, stopped them inside the door. The wife and tramp were killed.

## PLAN LONG HIKE

AKRON—Two Akron couples today announced their intention of starting on a hike to Tampa, Fla., in search of work. They will carry pup tents and camp at night along the roadside. The couples are Mr. and Mrs. W. F. O'Neal and Mr. and Mrs. George Freisberger.

## POLICE FAIL ON CLUES IN DOCTOR'S MURDER

ALLIANCE—Despite the fact that the police are running down every possible clue, they seem to have no nearer the solution of the murder of Dr. O. C. Walker, who was shot down at the entrance to his garage on Parkway boulevard at one o'clock Wednesday morning, when about to answer a fake call to a supposed confinement case on East Grant-st. The local physicians have offered a reward of \$1,000 for the apprehension and conviction of the men who committed the murder. The county commissioners today are considering offering an additional reward.

## LIQUOR QUIZ VEILS MURDER PROBE

Interest In Arbuckle Case Is Shifted to Rum.

SAN FRANCISCO — (By Associated Press) — Preparations for the prosecution of Roscoe (Fatty) Arbuckle on a charge of manslaughter in connection with the death of Miss Virginia Rappe today were overshadowed at least for a time by the federal investigation into the supply of liquor drunk by guests at the comedian's hotel party at which the state contends the girl was injured fatally.

## SMUGGLING RING

Belief that his investigations had uncovered a gigantic liquor smuggling ring, operating with San Francisco as a base, and which imports liquor only of choice brands and quality from Mexico and Canada, was expressed by Federal Prohibition Director E. Forrest Mitchell. He is making his inquiry at the instance of Robert H. McCormack, special assistant to the United States attorney general.

WITNESS GUARDED — Mitchell stated that he had a witness who delivered liquor to Arbuckle's suite at the Hotel St. Francis. The name of the man is being withheld and he is being guarded closely by federal operatives pending his going before a federal grand jury, it was stated.

Arbuckle left San Francisco last night for Los Angeles in company with his wife, his mother-in-law and defense attorneys.

## FRAUD IS CHARGED

MANSFIELD, Ohio—(By United Press)—Payroll padding, forgery and other irregularities, were charged against Richard-co officials in a report of state examiners filed here today.

"Graft and fraud" were charged against William F. Fisher, former county auditor now serving a term in the state penitentiary. The report also criticized Charles Huber, clerk in the auditor's office and Boyd Wierman, county surveyor, both under indictment and Vera Swisher, road work foreman.

T. R. Johnson, county prosecutor, was arraigned in the report for failure to prosecute graft cases. Harvey Innoff, former county infirmity superintendent, was charged with withholding county funds.

## NEWS POLICY ASSISTS ACCIDENT VICTIM

Mrs. W. S. Whetstone, R. D. 6, Wapakoneta, is the first beneficiary of an accident policy issued by The Lima News. Mrs. Whetstone was injured in an auto accident at the St. Marys reservoir when a machine plunged down an embankment and brought up against a heavy guard rail at the water's edge.

When her son stepped on the starter as he entered the car, it plunged toward the water.

Mrs. Whetstone was thrown from the car and had a bone broken in her foot. She will receive \$10 a week so long as she is disabled.

The \$1,000 accident policy cost Mrs. Whetstone only 75 cents. Hundreds of persons in Lima and vicinity are taking out similar policies, for protection against accidents. Any subscriber to The Lima News is eligible to receive a \$1,000 accident insurance policy, in effect for one year, for 75 cents.

## CITY AND SCHOOLS FUNDS SLASHED

Budget Commission Uses Axe in Vigorous Manner.

## BIG DEFICIENCIES CREATED

School Board to Ask For Additional Mill Levy.

The budget commission, which has just completed its work at the Allen-co court house, sliced down to a considerable degree, the allowance for city school purposes in Lima and for use by the city, for current expenses, according to C. R. Phillips, county auditor and member of the budget commission.

The City of Lima asked the commission for \$380,175. The commission allowed \$114,227.32. The people voted \$49,664.05, making the total allowance by the budget commission for current expenses \$163,891.37. A cut of \$226,284 is noticeable in this budget.

SCHOOLS CUT, TOO — The Lima city schools submitted to the budget commission a request for \$579,950 for current expenses for the school year of 1921 and 1922. The commission allowed \$109,260.91. The State of Ohio levied \$129,126.53 and the people voted \$39,328.10, making a total of \$337,715.54. This budget was cut \$242,235.

The total amount slashed from the city and public school budgets, as submitted to the commission amounted to \$468,519, Auditor Phillips says.

Members of the budget commission, aside from C. R. Phillips, includes E. T. Lippincott, prosecuting attorney, and H. E. Botkins, county treasurer.

Commenting on the action of the budget commission, City Auditor D. L. Rupert, who retires from office Friday, stated that the amount granted the city will be sufficient only to take care of the cost of street lighting and the expense of the safety department.

"It will be necessary to issue deficiency bonds next year," Rupert said, "the same as was done this year. And it will be necessary for the bonds to be authorized by the vote of the people, unless the legislature again comes to the relief of this and other cities facing a depleted treasury situation and permit the issue of bonds without the formality of a vote of the people."

School officials Friday stated that the action of the budget commission will produce a shortage of about \$100,000 in the school funds per year. An increase of one mill over all limitations, voted in 1917 for five years, will be in force until 1922. In 1918 another mill for five years was added by vote of the people and will hold until 1923.

The school board will ask the people, by vote, in the November election, to authorize the addition of another mill over all limitations, for a five year period and that the additions made in 1917 and 1918 be continued also until 1926.

According to the state superintendent of schools, the Lima school organization is one of a very few that have not already voted under a new law full three mills above all limitations.

## B. AND O. FILES BRIEF IN FREIGHT RATE HEARING

COLUMBUS—The Baltimore and Ohio railroad today filed a brief in the application of the Toledo Sugar Company for a reduction of rates on sugar beets. In their application the company asked the public utilities commission to reduce rates from 84 cents a ton for 25 miles, to 48 cents a ton for 25 miles. In the brief filed today, the road volunteered to reduce the rate to 76 a ton for 25 miles, progressing five cents for each five miles thereafter up to 30 miles and five cents for each ten miles after 30 miles.

## MISSION DAY AT ST. ROSE CHURCH

Large Numbers Heard Lectures By Rev. F. A. Thill.

Mission day, celebrated in St. Rose Catholic church Friday, was of prime interest to members of St. Rose Mission society here, which is a member of the Catholic Students' Mission crusade.

The Rev. Father Frank A. Thill, secretary and treasurer of the national organization of the Catholic Students' Mission crusade, was the speaker.

The services opened with solemn high mass for missions and crusades, held at St. Rose church at 8 a. m. During the business meeting following new members were admitted.

The Rev. Father Thill lectured in the afternoon. A moving picture, showing the work of a missionary in China, was given. The program was repeated late Friday afternoon for the benefit of guests from neighboring schools and the Rev. Father Thill again lectured.

"The Crusade" will be the subject from which the priest will lecture Friday night. The moving picture will also be shown. A mass offering to the use of missionaries, will be donated by St. Rose mission unit.

"The River Road," the work of one of the faculty of St. Rose church, a beautiful painting, will be sold to defray the cost of the outfit. The picture will be on exhibition in the auditorium. Members of St. Rose mission unit, their friends and relatives, are urged to attend the evening lecture by the Rev. Father Thill.

## BLIMP DESTROYED

Wrecked by Explosion at Wilbur Wright Field.

DAYTON—(By United Press)—The baby blimp built at Akron and brought to McCook Field here was completely destroyed by an explosion caused by lightning at 2:30 this morning. The hangar in which the blimp was housed at Wilbur Wright field was also destroyed. No one was injured.

The blimp, the newest acquisition to Uncle Sam's air forces, was 55 feet long, 28 feet in diameter and was driven by two 300-horse-power motors.

It was designed for experimental work by the balloon school recent brought here from Fort Omaha, Neb.

## TREATY RATIFIED

BERLIN — (By Associated Press) — The reichstag today passed the bill ratifying the peace treaty with the United States. Only the communists voted against the measure.

The passing of the German reichstag today of the bill ratifying the treaty of peace with the United States completes the legislative process necessary to ratification on the part of Germany. The reichstag or upper chamber of the German parliament, ratified the treaty on September 17.

The treaty is at present before the United States senate for debate with an effort in the making to expedite ratification thru an agreement to take a vote on October 14.

## DEMAND REPORT BE SET ASIDE

Cable and Welty Protest Action of Engineers.

## SEE PLAN TO KILL PROJECT

Estimate Beyond All Reason, Congressman Declares.

WASHINGTON — (Special) — Ohio members of Congress and other Ohioans interested in the Ohio river and Lake Erie canal project today served notice that they will attempt to have set aside the finding of the board of engineers for rivers and harbors already made public.

The board of engineers recommended the Youngstown route, from Pittsburgh to Ashtabula, as the best of the four proposed routes for the canal but discouraged actual construction at the present time because of the estimated expense of \$120,000,000 which the board claims would be called for.

## CHARGES OF LIMA MEN

Representative John L. Cable, Lima, gave out a statement today charging that the estimate made by the Board was "beyond all reason" and declared it his opinion that the war department engineers had made their figures excessively high in order to kill the project.

Confirmation of Cable's charge came from former Representative Ben F. Welty, also of Lima, who was the author of the original act of congress under which the war department survey of the canal routes was made. Welty returned to Lima yesterday after condemning the Board's finding and stating that the Ohio Inland Waterway Association which he has been representing in Washington, will take steps to have the report set aside.

OHIO'S OBJECTION — The particular paragraph in the Board's report to which the Ohioans take exception is the following: "This board is not convinced of the feasibility of the United States undertaking the construction of any canal between Lake Erie and the Ohio River at the present time for the following reasons: the least expensive route, and apparently the most promising, is the Pittsburgh-Ashtabula route while its estimated cost is the large sum of \$120,000,000. Moreover, the existence of obstructive bridges across the Allegheny River near its mouth further militates against the advisability of constructing a canal along this route. The Cincinnati-Toledo route is estimated at \$195,000,000, and with the Lake Michigan branch at nearly \$400,000,000 and the intermediate routes at \$175,000,000 to \$225,000,000. These large sums could be justified only by an assumed commerce of great magnitude, estimated by the Special Board at not less than 20,000,000 tons a year. This Board is not convinced that such a commerce would develop over any of the routes considered, and, as there is doubt of the ultimate economic success of the undertaking and every effort is now being made to reduce national expenditures, it does not feel justified in recommending the improvement at such great cost at this time."

DEATH BLOW AIMED — Representative John L. Cable, Lima, declared that he favored the construction of the canal but that he was convinced the Ohio delegation would oppose the expenditure of anything like \$120,000,000 for the purpose.

"It looks to me as if the war department engineers have set out to kill this project and they could adopt no better method than by submitting an estimate of \$120,000,000 for the cheapest route," Representative Cable stated. "This estimate is beyond all reason both as to cost and size of the canal and I am convinced Ohio members of Congress will never support it."

MRS. FISHER DIES. — VAN WEIT — Miss Margaret E. Fisher, city editor of the Van Wert Times, died Wednesday at the home of her parents, in Staubenville, from an uncommon blood disease, which specialists were unable to combat.

## Scores of Letters Reach the Lima News For Richards

Following is the **FOURTH** installment of questions and answers to be answered by

Mr. Richards, "The Wizard," for the people of Lima and environs who are troubled or worried about some business or love

The Great Richards affair, something or someone missing and personal matters regarding which they are in need of advice and the advice given in a majority of these questions almost border on the supernatural, because of the fact that they show how clearly Richards can apparently look right into the private affairs of many of our prominent citizens. However, Richards claims to possess no super-human power and claims that his work is strictly scientific, but this is only thought by many to be a modest cloak which he puts around some greater or unknown power. Be that as it may, Richards has proven beyond question that he is the greatest mind-reader as well as magician that has ever appeared in a local theater. He is appearing all this week at the Orpheum theater, presenting a big performance that is full of laughs, thrills, music, mystery, songs and new novelties. Richards carries a big company and an enormous amount of very elaborate settings, costumes, effects, etc., and the show is a fine treat for jaded theatergoers. Richards also answers questions at the theater as well as thru the columns of The News.

A. N. C.—Can you tell me who stole my bicycle?  
Ans.—I do not mention names in the paper in such cases, but it was taken by a party who lives in the fourth house west of the house where your friend Walter S. lives. I advise you to arrest the party will return the wheel willingly.

K. H.—Will I get along alright if my husband leaves me?  
Ans.—Don't let the matter worry you, I see you having some severe trouble for a very short time and then you will get along nicely. I advise you to make immediate application for employment.

W. A. C.—I have been expecting to spend the winter at Palm Beach, Fla., whether wants me. Which is best to do?  
Ans.—I advise you to keep your present position, as you would not profit right now by making a change.

M. E. O.—Is my wife true to me? Where was she last Friday?  
Ans.—Certainly, your wife is true to you, but likes to get a little pleasure out of life. If you will go out with her occasionally, clean up yourself and treat her as a wife should be treated.

you will have no occasion to worry about her. Marriage does not give you the right of being lax of your actions, dress and manners toward your wife. If you would tell her love you must give her the same little attentions you gave her before your marriage.

**SEND NO MORE QUESTIONS.** Thousand of questions have been received by Richards, the Wizard, many more than he may be able to answer. For that reason no more questions will be accepted. Questions already on hand will be answered in the order that they have been received insofar as it will be possible.

A. C. J.—How long before I meet my loved one I am anxious to see?  
Ans.—I see that your anticipations are to be realized in the near future and I also see an improvement in your health.

E. L.—When will I be confined?  
Ans.—Either the 6th or 7th of December.

E. E. S.—Has my invalid sister made a will?  
Ans.—I do not seem to see a will, but I do see that she is making arrangements for proper division of her property. You will receive your share.

C. F.—Has my oldest brother disposed of all his property?  
Ans.—I see that he has not received all the money due him and he will have a little difficulty collecting it.

C. D. C.—Will my husband get good steady employment this winter?  
Ans.—He will not have work that will be entirely to his liking, but he will do fairly well keeping employed.

G. R.—Does Mary love me and will she marry me if I ask her?  
Ans.—You waited too long already in asking her, as she is now secretly engaged to William B.

G. J. L.—Will my line of business I am now starting be a success?  
Ans.—I will not meet your expectations at first, but don't be discouraged; keep going and you will be successful later on.

B. R.—Was my son insured in this late war?  
Ans.—Yes, your son George H. R. carried the usual army insurance.

M. W.—Will my husband have work this winter?  
Ans.—Not steady, but he will do fairly well financially.

H. H. D.—Do you employ spirits to help you in your work of answering people's questions?  
Ans.—I am not a spiritualist; I am a scientist.

E. I. A.—Will I have any trouble with the neighbors where I am going to move?  
Ans.—Pay no attention to what has been said by the woman who tried to cause the trouble. Say very little to your new neighbors and nothing of this other affair, and with two exceptions you will be treated alright by them.

M. S.—I have been married twice; will I ever live with either of my husbands again?  
Ans.—No, for I see a third marriage for you in the not far distant future. It will prove to be the most happy for you.

B. L. B.—Is my brother Arthur still

living? Where is he?  
Ans.—I regret to advise you that your brother died at Waco, Texas, in 1918. Write to the present coroner of that city and I see that you will receive full information concerning your brother and his death. He was married at the time and his wife took care of the burial. His death was accidental.

These are all the questions for today, but another installment will appear tomorrow. Watch for your answer to the question of being lax of your actions, dress and manners toward your wife. Richards will doubtless answer you during the mental portion of the big show.

C. S.—Will I keep my diamonds if I go west for my health?  
Ans.—I advise you to go and although you will have to dispose of some of the diamonds, it will be well worth the cost to you and your future health and happiness.

R. D. D.—Will my mother-in-law ever treat me alright?  
Ans.—I see no change in her attitude toward you in the future. A death in the family later on will alter these conditions to your advantage.

W. J. C.—Do you advise the sale of the property we have been planning to build a garage on?  
Ans.—It will prove far better to you financially to hold the property and build, as this will be a good investment.

E. L. O.—My son has been unable to do anything for seven months. Will anything help him?  
Ans.—The trouble has been principally caused thru his nerves and improper functioning of the motor-nerve system. I can only advise you to immediately consult a reputable specialist.

## BURGLAR REVEALS HIDING PLACE OF \$5,500 LOOT

TOLEDO — Albert Kirchoff, alleged burglar who used a mother and baby as lookouts while plundering homes in Toledo and Detroit, was brought here last night from Detroit, and today revealed the hiding place of \$5,500 worth of plunder.

Approximately \$3,000 worth of jewelry, silver, clothing, furs and other goods were recovered from a dwelling occupied by relatives of Mrs. Myrtle Donovan, 25, who with her infant son, is being held in Detroit as Kirchoff's accomplice.

## Hats for Girls

### —at—

# MICHAEL'S

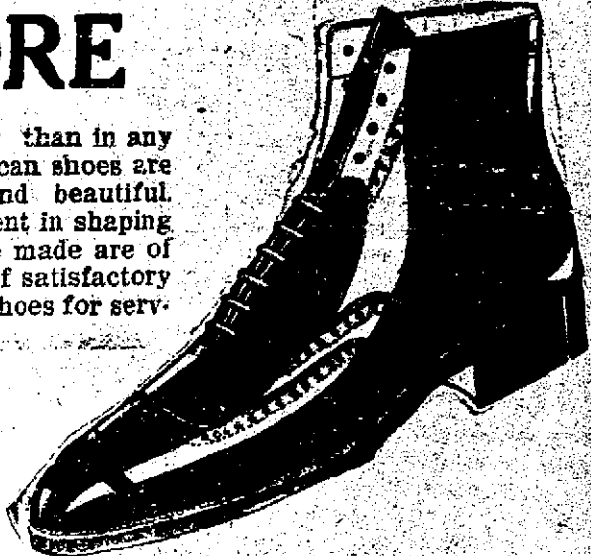

\$3 to \$7.50

These are hats selected from the line of Heid, the largest manufacturers of boys' and girls' hats in the country. Made in very fine grade velvet and beaver in either black or brown.

# 30 INDICTED FOR CONSPIRACY

Ohio Men Accused of Unlawful Trade Combination.

CINCINNATI. — (By Associated Press.)—Charging conspiracy in restraint of trade, to wit, a combination to fix the price of cement, the Hamilton-co grand jury today returned a blanket indictment against a score of more of material and supply firms and individuals.

In all fifteen firms and thirty individuals were named in the indictment.

The indictment was the result of

an inquiry into conditions in the building industry in this city, which extended over several weeks. Louis Capelle, Hamilton county prosecuting attorney stated after the return of the indictment that the firms and individuals named, through their combination, were able to control the purchase of cement in this market and to raise the price on this commodity six cents on every bag that was disposed of by them.

## BICYCLE THEFTS ARE BECOMING NUMEROUS

Thefts of bicycles are becoming numerous in the city, police claim and there are nearly a dozen recovered wheels at the police station, waiting for owners to claim them.

Nearly all of the wheels are stolen by boys who ride them for a while and then abandon them.

ALL MEMBERS OF CO. G, 148TH INFANTRY WILL REPORT AT ARMORY NOT LATER THAN 8:30 A. M., SUNDAY, OCT. 2ND.

WOMAN'S MUSIC CLUB MEMBERSHIP TICKETS, HARMAN'S STORE, SATURDAY AFTERNOON, OCT. 1ST, 12 TO 6 P. M.

# GOES 30 MILES FOR TANLAC

And Would Go 100 Miles Rather Than Be Without It.

"I have to go thirty miles for Tanlac, but I would go a hundred rather than be without it," said Mrs. Eleanor Case, of Norwich, Penn., while visiting at 444 Phipps-ave, Akron, O.

"When I began taking Tanlac I only weighed a hundred and thirty-five pounds but now I weigh a hundred and fifty-one. I had suffered for three years from indigestion and other troubles. My appetite was poor, I had severe pains in my sides, back and chest and awful spells of dizziness.

"My sleep at night was very much broken and I always woke up in the morning with a dull, tired feeling and was so weak and listless that I could hardly get up energy enough to cook a meal or sweep my house. It took about all the strength I had to climb a flight of stairs and would reach the top almost completely exhausted.

"Since taking Tanlac I feel like an entirely different person. My appetite is wonderful and everything agrees with me. I am free from pains and dizziness and I sleep soundly every night and wake up in the morning feeling fine, and brimful of energy.

"Tanalac is sold in Lima by Hunter's Drug Store and by leading druggists everywhere. —Adv.

A reward of One Hundred (\$100.00) Dollars will be paid by this Company for information that will lead to the arrest and conviction of the persons who held up the Motorman and Conductor and stole the fare box from City Car on West Vine Street near Hover Lake on Friday, September 23rd, 1924, at about 10:35 p. m.

The Ohio Electric Railway Company B. J. JONES, Receiver.

## CROWDS FILL HUNTER'S DRUG STORE IN SEARCH OF NEW REMEDY, DRECO

Promptness With Which People of This Section Have Overcome Illness is Responsible for Intense Interest in New Herbal Remedy. Local Citizens Give Testimony to Its High Merit.

RELIEVES CONSTIPATION, GASTRITIS, BILIOUSNESS, DIZZY SPELLS, HEADACHES, STRENGTHENS WEAK KIDNEYS, ROUSES A LAZY LIVER

Made of juices and extracts of roots, herbs, barks and leaves. Contains no alcohol, mercury or opium.

Special representative from laboratory has headquarters at Hunter's drug store to meet local people and explain the merits of this great remedy, Dreco.

There are hundreds of people in this section suffering from indigestion, dyspepsia, gas in the stomach, constipation and other ills which can be easily relieved if they only follow the advice by others who have tried the new medicine, Dreco.

Most people do not stop to realize that a lot of outward symptoms are really caused by some deeper trouble and nine times out of ten it is either constipation, stomach trouble, weak kidneys or a sluggish liver at the bottom of it all. Take for instance foul breath, that tired, aching, drowsy feeling, pains in the back, sore muscles, aching joints, nervousness, catarrh and rheumatism. Get the vital organs working properly and these symptoms disappear.

After taking Dreco a while you will notice the bowel action becomes easy and regular every day, gas ceases to form in the stomach, headaches pass on, the dizzy feelings disappear, the kidneys are regulated so that backaches and painful muscles and joints are relieved, the nerves are soothed so that sleep becomes sound and restful.

Since its introduction in this city a short time ago, Dreco has sprung into instant favor and today there is hardly a city block but that someone is taking it and obtaining remarkable benefits. To prove this we publish alongside the signed statements of local citizens giving their names and addresses which is the most honest way we can prove our claims. Read them, we have many more on file, then if you are convinced of the merits of Dreco, go to the drug store today and get a bottle. You'll never regret it.—Adv.

## EAGER TO RELATE HOW IT HAPPENED

Lima man overcame dizzy spells, biliousness, kidney trouble and nervousness. Has no pains in his back or limbs, appetite huge and feel full of vitality.

"When I began taking Dreco my stomach was always full of gas, I was constipated, kidneys were deranged, had dull, aching pains in my back, was so nervous I couldn't sleep and so dizzy at times I came near falling," said Mr. J. W. McGuire of 786 South Metcalf Street, Lima, O.

"I dragged around in a half-hearted way full of aches and pains, I got so bad off my folks were alarmed. I tried a number of remedies without relief but Dreco surely went to the bottom of my troubles and overcame them.

"Since I took Dreco my stomach has been in excellent condition. I enjoy everything I eat and suffer no bad after-effects. Have no more pains in my back, bowels move regularly and I never have those dizzy spells.

"My nerves don't go to pieces as

before and I get sound, refreshing sleep every night. My entire system has been built up, filling me full of energy. Dreco is a "great medicine."—Adv.

## LIMA LADY ALMOST FELL DOWN STAIRS ON TWO OCCASIONS

Suffered from vertigo, dizzy spells and a general lazy liver. Had to support her back with a pillow on account of backache.

"I suffered so from dizzy spells and vertigo that I almost fell down stairs on two occasions. My back ached so bad that I had to prop a pillow or cushion against it when I sat down," are the words of a well known lady—Mrs. S. D. Campbell, of 206 N. Elizabeth St., Lima, O.

"Several of my friends were so highly pleased with Dreco, they persuaded me to take it, and I honestly believe it has been my salvation. I feel like an entirely different person. I lost my appetite and began to get into a highly nervous run-down condition, and got so I didn't even want to look at anything to eat, for the smell and even the sight of cooking made me sick. To get a good night's rest was simply out of the question, and I would lie awake and roll and toss until morning, and then would feel more tired than when I went to bed the night before. I managed to keep on my feet, but many a day it would have felt good to have gone to bed.

"I was almost a nervous wreck, with out energy or strength. Sometimes I felt as though I would as soon be dead as alive. As I have said, several of my friends kept after me to try Dreco, so I finally consented, and I honestly think it was the only thing that saved me. I am feeling strong and well again and sleep like a rock, and can hardly get enough to eat. My nervousness has entirely disappeared; also the constipation. Dreco is a wonderful medicine and every one should know about it."—Adv.

## FACTS ABOUT DRECO

Dreco complies with all National and State Pure Food and Drug Laws.

Dreco does not contain Alcohol.

Dreco is a vegetable composed of the most beneficial roots and herbs known. It is free from mercury, potash, iron, acids, oil or habit forming drugs.

Dreco is publicly endorsed through the press by men and women of prominence in their communities.

Ministers of the Gospel take Dreco themselves and recommend it to their parishioners.

Demand for Dreco has broken all records for this length of time.

Absolute merit responsible for this unprecedented success.

Gordon's 225 N. MAIN ST.

HUNTER'S DRUG STORE IS HEADQUARTERS FOR DRECO IN THIS CITY

The popularity and success of Dreco in other cities, where the sales are running into the thousands of bottles, reached the ears of Hunter's Drug Store long before this remedy was offered for sale in this city.

Mr. Hunter says he was fortunate to have this drug store established as headquarters in this city for the distribution of Dreco.

# PAINTS SNAKES IN JUNGLE

Artist Makes Life Work Of Peculiar Vocation.

NEW YORK — "Really, I'm more afraid of New York taxicabs than I am of jungle snakes."

The speaker was Miss Isabelle Cooper, who holds a position unique in all the world. She is official field artist for the New York Zoological Society in its tropical research work.

Miss Cooper has recently returned from the society's station in British Guiana, South America, where for 11 months she has lived in the jungle with the 12 other members of the expedition under William Beebe.

"I started out to be an ordinary painter," said Miss Cooper, "but that takes peculiar genius. I used to do designing for costumes and silks, but I now feel that I have found my life work."

"Our station is in the very densest jungle. We lived in tents, but our laboratory had a high wooden fence, to protect us from storms. I met but three poisonous reptiles while walking in the bush or out shooting. Naturally, I handle snakes all the time in my work. One soon overcomes any feeling about them."

"The life is truly wonderful. It's comfortable. We have no servant problems, or house hunting. There are plenty of Indians or blacks to help us. And such splendid food—venison, wild hog, fowl and monkey!"

"I consider my painting of quite as much value as any other artistic work. It is really miniature work of the finest kind, only I am painting reptiles and insects instead of people."

How I wish all artists could see nature in the tropics thru the microscope! What a wealth of design

## JUNGLE ARTIST

MISS ISABELLE COOPER.

and color—what unbelievable decorative motifs and effects!

"Some day I would love to incorporate what I have learned from nature in color and design for other decorations, such as in clothing."

In her last expedition Miss Cooper made 300 paintings which are being incorporated in the Zoological Society's priceless reference volumes.

"You see," she explains, "reptiles and many insects lose not only in the eyes, but in the color and quality of skin when they are preserved in alcohol or mounted."

"To be accurately represented, they must be painted while living. I hold the snake's head in my hand while I paint—of course, it is their nature to wind themselves about you—and they coil around my arm."

## A trim shoe for school

Neat and stylish, this popular model of E.J. Girls' Shoes is solving the school-shoe problem for mothers everywhere.

Durability and wear are built into every pair of Endicott-Johnson shoes. It's in the leather tanned at the E.J. tanneries.

Prices are reasonable and the wear long. School shoe bills are cut in half by wearing the E.J. kind. Your own retail shoe store will show you a pair.

From \$3.50 to \$4.00 according to size.

# 15,000 KLANSMEN IN THIS STATE

Number of Members Secured By  
Cleveland Prosecutor.

700,000 IN UNITED STATES

Will Get Books Today—Ohio  
News in Brief.

CLEVELAND. —(By Associated Press.)—Charles W. Love, grand goblin of the Ku Klux Klan, was prepared to produce the records and books of the local branch of the order at a conference today with County Prosecutor Edward C. Stanton and Chief of Police Frank W. Smith. He promised yesterday to submit all the papers with the exception of the membership roll, which he declared was secret and is on file in the general headquarters at Atlanta.

Grand Goblin Love, who has jurisdiction over Ohio, Indiana, Illinois, Wisconsin, Kentucky, West Virginia and Michigan, appeared before Stanton and Smith voluntarily yesterday and revealed all of the inside workings of the Klan. He told them there are approximately 15,000 members in Ohio and estimated the total

membership in the United States at 700,000.

At the conclusion of four hours questioning, Stanton announced that he had no evidence of the Klan having violated any laws. He also indicated that he would probably defer grand jury action until the federal authorities have determined the status of the Klan.

Love declared there is no initiation fee, but that one of the requirements of membership is a donation of \$10, which goes to a propagation fund. Wizard Simmons receives a straight salary of \$100 weekly. Love said. Klansmen, in charge of state sub divisions receive \$3 for each member they secure. Another dollar goes to the king kiegale, who is in charge of the state, for every member in his realm, and a grand goblin, or a district chief, of whom there are nine, receive 50 cents on each member in his domain.

Out of these commissions, Love continued, "those who receive them have to pay office rent, traveling expenses, postage and to live, and I assure you no one is getting rich out of the organization."

PAINTER KILLED. DAYTON.—L. C. Wadum, 40, painter, was instantly killed and his uncle, Peter Wade, probably fatally injured when an auto truck in which they were riding was struck and demolished by a Dayton and Western interurban car west of here.

RATES REDUCED. GALLIPOLIS.—The Liberty Transit Company, operating packet boats between Pittsburgh, Charleston, Zanesville and Cincinnati announced a 20 per cent reduction in rates.

BANDIT IDENTIFIED. CINCINNATI.—The bandit who died enroute to the General hospital,

after stating that he had been shot by a motorist whom he tried to hold up on the Losantville pike near Reading road, was identified as Jacob H. Fauer, 21, who lived in Avondale.

REV. BOSNERT ELECTED. MASSILLON.—Rev. G. H. Bosnert, of Smithville, was elected of the Rural Ministers' Association during the tenth annual conference of the Northwest Ohio Conference of the Methodist Episcopal church.

DELICIOUS FOOD. Is now being served by the K. of C. dining room which is open from 8 to 1 a. m. After theatre, dancing or regular dinner parties especially invited. Reasonable prices.

VICTOR RECORDS FOR OCTOBER ON SALE SATURDAY HARMAN'S MARKET AND ELIZABETH

Boys' schools in Siam meet every day in the year and are open from 4 a. m. to 10 p. m.

NOTICE. Notice is hereby given that anybody purchasing household goods from my wife, Mrs. J. M. Miller, will do so at the risk of having it replevined as it is joint property and can only be sold by order of court. J. M. MILLER.

MINSTER PRIEST, TAKEN TO CHICAGO HOSPITAL. Rev. Eugene Grimm, pastor of the Catholic church in Minster, Auglaize co., was brought to Lima in an ambulance, Thursday and taken to Chi-

cago over the Penna Railroad, where he entered a hospital, to submit to an operation for possible relief from cancer of the stomach.

The Minister pastor was being conveyed to Lima in a New Bremen motor ambulance, which broke down near Wapakoneta. A delay was occasioned on account of the necessity of securing another ambulance from Wapakoneta. Rev. Grimm's condition is reported critical.

## Easy To Take Yeast Vitamon In Tablet Form

QUICK SURE RESULTS FOR THIN, RUN-DOWN FOLKS—  
BETTER HEALTH AT SMALL COST

To at once increase energy and put on the new tablet form of true yeast-vitamins known to druggists as Mastin's VITAMON. # NATIONS TO SUE, NOT WAR

Issues Will Be Decided By World Court

USUAL PROCEDURE ADOPTED

Judgments to be Enforced by the League.

(BY MORRIS QUINN)  
WASHINGTON (N. A. Service) — How is the international court of the League of Nations, which convenes for the first time on June 15 of next year, going to operate?

James Brown Scott, secretary and director of the division of international law, Carnegie Endowment for international peace, answers that question.

Scott went to The Hague with Elihu Root in 1920 when the council of the League of Nations called together a body of advisory jurists to draft plans for the permanent international court that the League has just put into effect.

**SUITS INSTEAD OF WAR**  
The new court means, Scott says, that nations now can settle their differences by formal law suits, just as individuals in civilized countries have done for years, instead of solving their problems by war.

The court itself consists of 11 justices and four associate justices who hold office nine years and may be reelected. Justices are nominated by members of the League of Nations and elected by the league assembly and council.

**AMERICAN ON BENCH**  
The slate of justices just named at the Geneva League session includes one American — John Bassett Moore. Other countries represented are Great Britain, France, Italy, Japan, Spain, Brazil, Cuba, Switzerland, Holland and Denmark. These national matters include: INTERPRETATION of treaties. QUESTIONS of international law. FIXING reparations or indemnities.

INTERPRETATION of sentences passed by the court.

DETERMINING whether actions of nations constitute breaches of obligations.

**TRIAL OF CASES.**  
The court will hear cases in much the same way as local courts in any of the nations. Evidence will be submitted and questions will be argued by lawyers representing the powers involved.

Any lawyer who would be recognized by the highest court in his own country will be considered qualified to practice before the international court.

Cases will be decided by a majority vote of the judges present at any hearing. Nine judges are a quorum. Appeals for a new hearing can be made if new facts are brought out after a decision has been handed down.

Just what power the court will invoke to enforce its decisions is not quite clear. It is probable that the courts will be able to call in the military power of all members of the League of Nations if a litigant nation refuses to abide by its decisions.

The international court is more than a trial court. It is the judicial organ of the League of Nations. The League will call on it whenever it wants legal advice on any international question.

## No Need to Suffer From Tender Feet

Simple ways to keep feet feeling fine

Tired, aching feet are a needless handicap. You can free yourself from constant nervous strain and annoyance from smarting and excessive perspiration.

Thanks to scientists who have made a study of the feet, Blue-jay Treatment is now bringing relief to men and women everywhere.

A refreshing, deodorant bath with Blue-jay Foot Soap, a cooling, soothing massage with Blue-jay Foot Relief, and then a coating of Blue-jay Foot Powder — this is bliss for tired, aching feet.

Write for free booklet — "The Proper Care of the Feet" — to Bauer & Black, Chicago.

## LIMA LOOT FOUND IN ROCKFORD

Articles Taken From Homes Here Are Identified.

### CHIEF ROUSH GETS LIST

Brooks and His Accomplice Held In Ft. Wayne.

More than 500 separate items are contained in the list of property found in possession of Joe Brooks and Esta Mae Herring, alias Helen Winthrop, arrested in Rockford, Ill., a copy of which was received by Chief of Police Roush Friday.

Included in the list are many articles that is believed will be identified as stolen from persons in Lima. One item, a sealskin coat, trimmed with squirrel fur, is believed to be that stolen from Mrs. Wells, but altered by adding the trimming. A hat belonging to her daughter Ruth is in the list.

All of the property which was contained in two trunks and ten suit cases is still held in Rockford. Some of it has been claimed by individuals at Ft. Wayne, who were robbed by the two.

Brooks and his accomplice had apparently stolen everything they could lay their hands on.

**MUCH LOOT OF VALUE**  
The contents of their trunks included clothing of all sorts and description, watches, jewelry, silverware, war savings stamps, tur coats, fur neck pieces, opera glasses, lodge emblems, an electric iron and a vibrator.

Some of the more valuable articles found are: One 3 piece silver set engraved "B. F. de L." six sterling orange spoons and 57 souvenir spoons, 12 knives engraved "C. F. de L." six solid knives, set of sterling knives and forks, marked "C. F. de L." full silver set marked "B. F. de L." pattern, \$125 war savings stamps, believed to be those stolen at the Owen home and property of Ruth Wells; some ten watches of various makes, including Elgin, Hamilton, Illinois and one 15 jewel Swiss watch.

Brooks may have posed as a member of various lodges and clubs. Among the articles are several pins of "Lodges," "Masons" and other order. Two Kiwanis pins and a U. S. Aviation Corps pin. He had seven suits of silk underwear; four loose pearls and more than 21 rings were found. He seems to have had a mania for collecting jewelry; there were three pins and two rings in his possession.

**MAKY PUR PIECES**  
Most of the clothing found is women's apparel. The list includes everything from inexpensive cotton

garments to luxurious silks and satins.

The list of furs found includes one fox neck piece, a Jap mink piece, white fur piece, large racoon muff, brown mink, gray squirrel coat with wide collar, American mink coat, and a black seal coat with squirrel collar and cuffs. Part of the loot was contained in a hand-bag stolen at the Owen home.

### DELICIOUS FOOD

Is now being served by the K. of C. dining room which is open from 8 to 1 a. m. After theatre, dancing or regular dinner parties especially invited. Reasonable prices.

## This is WHY JAP ROSE SOAP

Makes the Hair Healthy and Soft

How quickly the rich froth of pearly, elfish bubbles appear. They cleanse every strand perfectly right down to the roots, then a dash or two of water and they are gone—every one. No hair left sticky and stringy from undissolved soap, after a JAP ROSE shampoo—just soft, fluffy, clean and lovely. That's the difference with JAP ROSE. Every woman who's tried it knows.

For the complexion too—You'll Like It!

## VICTOR RECORDS FOR OCTOBER ON SALT SATURDAY

## ABLE TO BE OUT AFTER 6 MONTHS

"I Can't Praise Peppen Too Highly," Says Cincinnati Construction Man.

"I can't praise Peppen too highly after what it did for me," says James L. Murphy, of 713 Vine-st., Cincinnati, an elevator constructor. "To say that my experience has been unusual does not half tell the story. The benefits I derived from Peppen are nothing short of remarkable."

"My trouble came on me suddenly about six months ago. I was taken with a bad attack of kidney and bladder trouble. After a time my condition became so bad that I had to quit work. From then on until just recently, when I started taking Peppen, I have not known a well day."

"Finally my body became so swollen and sore and pained me so much that I could sit only on an inflated rubber pillow. I was in such pain that I could only sleep 10 or 15 minutes at a time. My appetite was gone almost entirely and I scarcely ate anything. I tried specialists and went to a hospital but without benefit. My friends, specialists and even my wife gave up hopes of my recovery."

"About this time I started taking Peppen. Before going farther I wish to state that what I am about to say regarding the relief Peppen gave me is absolutely the whole truth. These are the actual facts. I took my first dose of Peppen about 10 o'clock in the morning. By 3 o'clock that afternoon I felt better. It was the first relief I had known for about six months."

"I continued taking Peppen. I improved rapidly and within a week I felt like a different man. I am now able to be up and around. The soreness and pains are leaving my body. I sleep soundly every night. My appetite has returned and I eat like a normal person. I am so much stronger that it is nothing for me now to get out and walk eight or ten blocks without tiring."

Peppen is a new system tonic which is now being specially introduced at Hunter's Drug Stores. It is also sold by other leading drug stores in Lima and nearby towns.

## POWER TO CRUSH KLAN IN HAND

Government Already Able To  
Erase Organization.

OFFICIALS EXPRESS VIEWS

Probable Action is Outlined at  
Washington.

WASHINGTON.—(By NEA Service)—Congress and the federal courts can break up the Ku Klux Klan, numbering 700,000 members. This is the conviction of government officials, following newspaper exposures of the Ku Klux Klan and preliminary investigations by the Department of Justice and the Postoffice Department.

Federal action against the Knights of the Ku Klux Klan probably will be based on these specific charges made by the Klan's opponents:

THAT the "Invisible Empire" of the K. K. K. is setting up a government within the government.

THAT the K. K. K. is inciting religious, racial and class hatred.

THAT the K. K. K.'s program is an attack on individual freedom and personal rights as guaranteed by the Constitution.

Of the charges against the Ku Klux Klan, which prompt government investigation, this is the chief one.

While the K. K. K. claims that its purpose is "maintenance of white supremacy," the Klan's ritual asks questions of applicants, which indicate that the organization is against the Jews, Catholics, Masons, negroes and the foreign-born.

THE OATH

Members of the Klan, it is charged, are bound by oath to obey without question all orders of the head, known as the "Imperial Wizard."

Such an oath imperils undivided allegiance to the United States government.

Seizure, trial and punishment of any resident of the United States, by any except legally constituted authorities such as police and court officers, is a violation of Articles IV, V and VI of the national Constitution.

Any movement for exile or suppression of individuals because of their racial origin or religious belief is a violation of Articles I, XIII and XIV of the Constitution.

Hence, federal authorities say they can take legal action against the Ku Klux Klan and its officers and members, if charges that have been made are confirmed by investigations.

FINANCES OF THE K. K. K.

The K. K. K. has four degrees of membership, initiation fee being \$10 a degree. About 700,000 are believed to have joined the Klan since its reorganization October 26, 1915. Initiation fees are estimated all the way from \$7,000,000 to \$30,000,000.

The K. K. K. also makes a profit on the uniforms and regalia which it sells to members.

KLAN'S HISTORY

William Joseph Simmons, of Atlanta, Georgia, is the present head of the K. K. K. His title is "Imperial Wizard" and he operates from the "Imperial Palace of the Invisible Empire."

Simmons and 33 others reconstituted the K. K. K. in 1915 and incorporated it under the laws of Georgia.

The Klan has a women's auxiliary.

Klan officials disclaim most of the charges made against them. They claim that their real purpose is "pure Americanism" and that they really seek enforcement of existing laws. The organization has gotten so big that it is passing beyond control of its head.

The original Ku Klux Klan is believed to have started in Pulaski, Tenn., in 1865. Its early activities were directed against negroes in southern politics and "carpet-baggers" from the north who flooded the South after the Civil War.

## WORLD NEWS

KANSAS CITY.—Mrs. Mary Blake Woodson Shipper was granted a divorce from Lee Shipper, former Missouri newspaper man and overseas welfare worker during the war, awarding her one hundred dollars a month alimony, thirty dollars a month for the support of their young son and seventy-five dollars attorneys' fees.

CHICAGO.—The International Harvester announced reductions ranging from 10 to 20 per cent in practically all lines of farm implements effective October 1.

DUBLIN.—A conflict between civilians and police in Tipperary resulted in the death of one of the civilians and the wounding of two civilians and two policemen.

INDIANAPOLIS.—Lewis S. Pletcher of Brooklyn, N. Y., was elected commander-in-chief of the Grand Army of the Republic at the closing of their fifty-fifth convention here.

WASHINGTON.—Alvin S. Page, assistant chief clerk of the railway mail service at Fort Worth, Texas, was publicly thanked by Postmaster General Hays for his part in the preventing of the robbery of a mail train near Fort Worth, September when two bandits were slain.

NEW YORK.—The hottest September 29 in 7 years was experienced here when the temperature rose to 81 degrees.

CHICAGO.—Weather bureau records for 2 years for September 29 were broken when the thermometer reached 85 degrees at 3 p. m.

EVANSVILLE, Ind.—The body of W. B. Wiley, manager of the West Virginia Coal Company at Seabree, Ky., with six bullet wounds in it was found near his home at Seabree.

CITY NOTE DEFEATED

COLUMBUS.—Referendum on a federal form of government in place of a city manager in Dayton was ruled against in the state supreme court yesterday. Decision by the court of appeals was reversed and a petition for a referendum in November was rejected.

## The Sleeveless Frock!

—continues to hold its exceptional vogue. There are clever wool jerseys at \$5.95, and others in tricotine and Poirer twill at \$12.95.

Dress Shop—Second Floor

Fascinating Fall Displays of

## New Coats & Wraps

For Women and Misses

BEAUTIFUL fur trimmings, luxurious new fabrics and handsome linings are just a few of the reasons for buying one of the new coats. The other reasons have to do with the styles themselves and that subtle something characteristic of coats at Feldman's. Most of them prefer to wear their own furs such as raccoon, beaver, wolf, Australian opossum and mole, and the materials offer a wide range of choice—starting with English tweed and polo cloths and ending with luxurious panvelaine and Wandora.

There is a fitted flare to the fall wraps that is decidedly becoming, and the new colors are delightful—among them Sorrento blue, Malay, Zanzibar brown and Burro.

**\$49.50 \$75 \$89.50**

Other Coats for Women and Misses are priced from \$25 to \$175

Coat Shop—Second Floor

An Exceptional Offering

## New Sport Skirts

of Pruneila Cloth

**\$9.95**

A Special Purchase!

The separate skirt is particularly desirable for early fall wear. These new Pruneila cloth skirts appear in gay Roman stripes as well as most subdued tones. Very special, \$9.95.

## POLICE CHIEF HAS HOOTCH PARTY

Stuff Goes Into Sewer Instead of Stomachs.

### POPULACE LOOKS ON SADLY

"Meanest Thief" is Located in Wapakoneta.

WAPAKONETA — (Special) — There was a sad-faced gathering of the populace here Thursday when Chief of Police Ague poured into a sewer catch basin at the city building three gallons of "hootch" taken from two Minister men who transported the stuff for the purpose of selling it.

Thomas J. Reid, 32, a pioneer wheel manufacturer in this city, died in Columbus, from infirmities.

Taxes for all purposes collected in Wapakoneta in 1932 amounted to \$35,668.39, according to an old issue of a local newspaper unearthed by Mrs. Mary Williams. Some contrast to the present time, when over a million dollars in taxes is collected annually.

The "meanest thief" in Wapakoneta has been found. He is the fellow who stole the wheels from a small two-wheeled donkey-cart used

in play by a whole neighborhood of local youngsters.

In an altercation, Walter Houtz, 21, hit Paul Lehman, 17, on the jaw, causing two fractures. Houtz paid \$10 and costs to Mayor Newcomer.

Five youths in high school who were guilty of a drinking bout at a party Friday night, were pardoned by the board of education, but henceforth their conduct must be exemplary.

Almost 1,000 employment certificates, enabling children between ages of 16 and 18 to have employment, have been issued by County Superintendent Drummond. If children between these ages do not have them they must attend school.

Unsatisfactory livestock shipping facilities on the L. E. & W. railroad in this county, resulted in a delegation of farm bureau waiting on railroad officials at Indianapolis and asking for better service.

A wobbly carton of ice cream cones perched atop a cargo of candy he was hauling in his truck drew the attention of Chris. Hemmert, confectioner, away from his steering wheel. The result was that he landed in the ditch, a broken windshield glass lacerating his nose, forehead and scalp.

Even New Hampshire, a hamlet CO.

of 200 people east of here, feels the need of traffic posts in this motor age. Autos are whizzing thru that town endangering the lives and limbs of the natives, hence the women will give a supper Saturday night to obtain funds for a traffic block on the "square."

Due to the fact that diplomatic relations have not been resumed between this country and Germany, Herman Weber, an applicant for a passport, can only secure one to Belgium, but there officials are enabled to give the holder into Germany.

### WOMAN TRIES SUICIDE, RESCUED BY PASSERBY

HUNTINGTON, W. Va.—H. R. Wyllie, Hunting, head of one of the largest potteries in the Ohio valley, prevented the suicide of Miss Gertrude Sands, 22 years old, this morning.

With a party of good road boosters, Wyllie was passing the Chesapeake and Ohio Guyan river bridge, when the woman leaped 50 feet to the water. Wyllie secured a boat and rescued her.

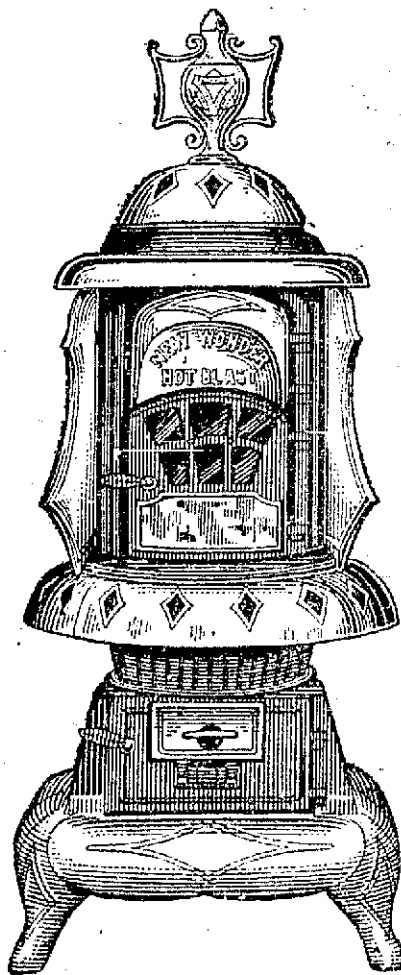

The woman was in bad health. She was not seriously injured.

## LITTLE ELF COFFEE

"a blend you'll like - packed air tight"

# Heating Stove Demonstration

Tomorrow All Day and Evening  
Come and See the Stove  
that Burns Smoke

This marvelous stove is not an untried innovation, having had over nine years' service in Lima, and having demonstrated itself as the most marvelous fuel saver ever invented. The secret of its wonderful achievement lies in the fire pot, which has air chambers that admit superheated air that forms a perfect combustion, converting the fuel into gases which produce the greatest amount of heat for the fuel consumption.

You Must See This Stove in  
Operation to Appreciate It

It burns all the gases and smoke. The ordinary stove does not do this. By a patented device used only in the New Wonder Hot Blast, the arrangement distributes superheated air over the burning fuel and provides perfect combustion. It will burn any kind of soft coal and slack, and if you wish to, hard coal or coke—equally as well as the other. Not a bit more dirt than a base burner, as it burns the smoke and gasses it makes coke out of coal. There are no more ashes to carry out than in the hard coal base burner.

It holds fire equally as well as the best hard coal stove made. We guarantee it to hold fire 24 hours. It needs but little attention. In extremely cold weather—say zero or below—you need not fill the firebox more than four times in 24 hours.

### YOU SAVE MONEY BECAUSE

FIRST—in the price of the stove, which is about one-half that of any good base burner.

SECOND — The fuel will cost considerably less than one-half what hard coal will cost.

The company who makes and owns the patents on the New Wonder Hot Blast has been in business over 50 years, and their guarantee goes with every stove, and the guarantee is good and means just what it says. "If you will set the stove up properly, to a good flue, and follow directions for operating, it will fulfill every claim; and if it does not, you need not keep it."

REMEMBER THE DATE  
TOMORROW, SATURDAY, OCTOBER 1st

See the stove in actual operation and have its merits explained by a factory expert who will answer any question you may desire to ask.  
Sold on Easy Payments or have it charged on the bill with other things you buy.

### Clothing for the Family

## BODY IN CLOSET

Mysterious Death Brought To Light in New York.

NEW YORK.—(By United Press) —The police were searching for a mysterious "Mr. Fay" today, following discovery of his wife's body in a closet of a rooming house.

The woman, clad in a night gown and with white stockings tied about her jaw, had been dead about a week.

The closet where the body was found was in an attic. The Fays rented a room August 25. The only room from which there was access to the attic was occupied by a Mr. and Mrs. Boulanger, apparently friends of the Fays who went away Monday. Four days previously, Fay had departed and told the housekeeper he had sent his wife who was about to become a mother, to a hospital and that he was going to Philadelphia.

## POLICE CHIEF HAS HOOTCH PARTY

Stuff Goes Into Sewer Instead of Stomachs.

### POPULACE LOOKS ON SADLY

"Meanest Thief" is Located in Wapakoneta.

WAPAKONETA — (Special) — There was a sad-faced gathering of the populace here Thursday when Chief of Police Ague poured into a sewer catch basin at the city building three gallons of "hootch" taken from two Minister men who transported the stuff for the purpose of selling it.

Thomas J. Held, 82, a pioneer wheel manufacturer in this city, died in Columbus, from infirmities.

Taxes for all purposes collected in Auglaize-co in 1932 amounted to \$36,668.39, according to an old issue of a local newspaper unearthed by Mrs. Mary Williams. Some contrast to the present time, when over a million dollars in taxes is collected annually.

The "meanest thief" in Wapakoneta has been found. He is the fellow who stole the wheels from a small two-wheeled donkey-cart used

in play by a whole neighborhood of local youngsters.

In an altercation, Walter Houtz, 21, hit Paul Lehman, 17, on the jaw, causing two fractures. Houtz paid \$10 and costs to Mayor Newcomer.

Five youths in high school who were guilty of a drinking bout at a party Friday night, were pardoned by the board of education, but henceforth their conduct must be exemplary.

Almost 1,000 employment certificates, enabling children between ages of 16 and 18 to have employment, have been issued by County Superintendent Drummond. If children between these ages do not have them they must attend school.

Unsatisfactory livestock shipping facilities on the L. E. & W. railroad in this county, resulted in a delegation of farm bureau waiting on railroad officials at Indianapolis, and asking for better service.

A wobbly carton of ice cream cones perched atop a cargo of candy he was hauling in his truck drew the attention of Chris. Hemmert, confectioner, away from his steering wheel. The result was that he landed in the ditch, a broken windshield glass lacerating his nose, forehead and scalp.

Even New Hampshire, a hamlet CO.

of 200 people east of here, feels the need of traffic posts in this motor age. Autos are whizzing thru that town endangering the lives and limbs of the natives, hence the women will give a supper Saturday night to obtain funds for a traffic block on the "square."

Due to the fact that diplomatic relations have not been resumed between this country and Germany, Herman Weber, an applicant for a passport, can only secure one to Belgium, but there officials are enabled to vize the holder into Germany.

### WOMAN TRIES SUICIDE, RESCUED BY PASSERBY

HUNTINGTON, W. Va.—H. R. Wyllie, Hunting, head of one of the largest potteries in the Ohio valley, prevented the suicide of Miss Gertrude Sands, 22 years old, this morning.

With a party of good road boosters, Wyllie was passing the Chesapeake and Ohio Guyan river bridge, when the woman leaped 50 feet to the water. Wyllie secured a boat and rescued her.

The woman was in bad health. She was not seriously injured.

## BODY IN CLOSET

Mysterious Death Brought To Light in New York.

NEW YORK—(By United Press) —The police were searching for a mysterious "Mr. Fay" today, following discovery of his wife's body in a closet of a rooming house.

The woman, clad in a night gown and with white stockings tied about her jaw, had been dead about a week.

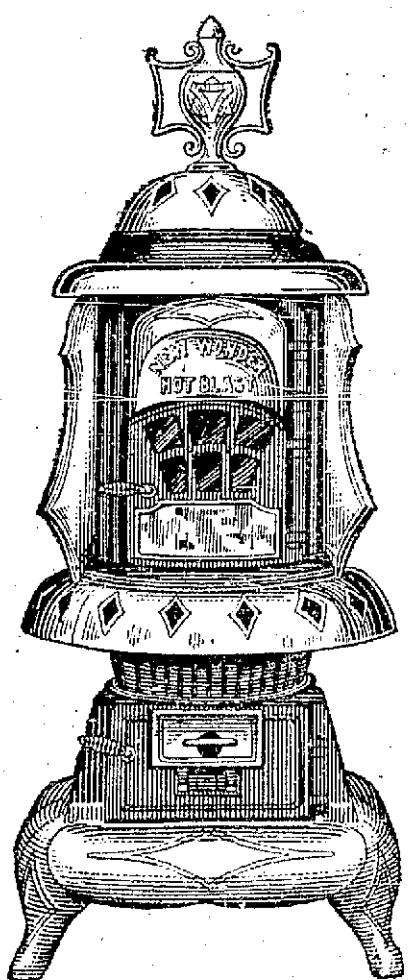

The closet where the body was found was in an attic. The Fays rented a room August 25. The only room from which there was access to the attic was occupied by a Mr. and Mrs. Boulanger, apparently friends of the Fays who went away Monday. Four days previously, Fay had departed and told the housekeeper he had sent his wife who was about to become a mother, to a hospital and that he was going to Philadelphia.

## NUXATED IRON

The Power Behind Strong Red-blooded. Successful Men and Women of Today

## Heating Stove Demonstration

Tomorrow All Day and Evening  
Come and See the Stove  
that Burns Smoke

This marvelous stove is not an untried innovation, having had over nine years' service in Lima, and having demonstrated itself as the most marvelous fuel saver ever invented. The secret of its wonderful achievement lies in the fire pot, which has air chambers that admits superheated air that forms a perfect combustion, converting the fuel into gases which produce the greatest amount of heat for the fuel consumption.

You Must See This Stove in  
Operation to Appreciate It

It burns all the gases and smoke. The ordinary stove does not do this. By a patented device used only in the New Wonder Hot Blast, the arrangement distributes superheated air over the burning fuel and provides perfect combustion. It will burn any kind of soft coal and slack, and if you wish to, hard coal or coke—none equally as well as the other. Not a bit more dirt than a base burner, as it burns the smoke and gasses it makes coke out of coal. There are no more ashes to carry out than in the hard coal base burner.

It holds fire equally as well as the best hard coal stove made. We guarantee it to hold fire 24 hours. It needs but little attention. In extremely cold weather—say zero or below—you need not fill the firebox more than four times in 24 hours.

### YOU SAVE MONEY BECAUSE

FIRST—in the price of the stove, which is about one-half that of any good base burner.

SECOND — The fuel will cost considerably less than one-half what hard coal will cost.

The company who makes and owns the patents on the New Wonder Hot Blast has been in business over 50 years, and their guarantee goes with every stove, and the guarantee is good and means just what it says. "If you will set the stove up properly, to a good flue, and follow directions for operating, it will fulfill every claim; and if it does not, you need not keep it."

REMEMBER THE DATE  
TOMORROW, SATURDAY, OCTOBER 1st

See the stove in actual operation and have its merits explained by a factory expert who will answer any question you may desire to ask.

Sold on Easy Payments or have it charged on the bill with other things you buy.

# PLAN DRAWN FOR JOBLESS AID

Arranged By Unemployed Conference Committee.

WASHINGTON — (By Associated Press) — Tentative recommendations for providing work for the nation's jobless workers estimated at four million, were completed today for submission to the national conference on unemployment.

Recommendations were understood to include:

- Establishment of part time work by manufacturers, thus increasing the number of workers used by each plant.
- Operation of factories and mills in the making of stock where possible.
- Continuation of repair and similar work on a normal scale.
- Doing repair and alteration work by office building, hotel and home owners during the coming winter instead of in the spring as usual.
- Expansion of street, sewage, repair and building work by municipalities to the maximum volume.
- Establishments of part time work by municipalities.
- Cooperation by state officials with local leaders in the unemployment relief movement thru the hastening of road, state building and similar construction.
- Construction immediately by the federal government of buildings and other works for which appropriations are available.
- Action by congress at the present session on road construction legislation.
- Enactment by congress of the pending railway funding bill with expenditures of funds conditioned on an increase in employment.

The full conference will receive the steering committee's recommendations at a session to be held late in the day.

**SOAP COMPANY SUES.**  
The Proctor & Gamble Distributing company, Cincinnati, filed suit in common pleas court Friday against J. J. Haley, charging that he is indebted to the company for soap in the sum of \$162.92.

night at the lodge home, voted unanimously to increase the dues of members from \$12 to \$18 per year, effective October 1st.

Twelve candidates were given the degree work, followed by a banquet and vaudeville entertainment. Artists from the Gun Sun circuit were sent over from Springfield. Numbers were given by the Elks chorus and moving pictures were shown.

# WOMAN'S MUSIC CLUB CONDUCTS FIRST PROGRAM

NEVER has the Woman's Music Club had a more auspicious day for its initial program than on Thursday. All active members were invited by their president, Mrs. C. S. Baxter to assemble early in the foyer of Memorial hall to receive the associate members and to get acquainted with the following named who successfully passed the examination and were admitted to membership in the club: Miss Geraldine Evans, Mrs. Russell Green, of Colina; Mrs. P. E. Hobart, Miss Rudolph Jettlinghoff, of Deiphos; Mrs. Melvin Light, Mrs. Donald Melhaffey, Miss Margaret Moyer, Mrs. Ralph Shriver, Mrs. Paul Timmerman and Mrs. Morris Thomas. As each active member arrived she was given a beautiful rose bud by the president.

Nearly every seat on the lower floor was filled before the opening hour and everyone was enthusiastic over the artistic decorations. The entire stage was bordered with palms and ferns, while wild asters and purple michaelmas daisies in rustic baskets were effectively placed.

The matinee was opened by a trio composed of club members, namely, Mrs. Andrew Dumond, Mrs. Gale Dunifon and Miss Leonora Feltz with cello, violin and piano, playing three favorite numbers in a most pleasing manner.

Miss Mildred Lewis a graduate of the Emerson School of Oratory, Boston and also of Ohio University, Athens, O., was the talented reader chosen to present Catherine Mayo's delightful "three-act play, 'Polly of the Circus,' during the evening that she held the interest of her hearers from start to finish. Miss Lewis is a reader of exceptional ability, finding great favor with her audience. She has been engaged extensively in lecture work and for two seasons with the Coit Albert Chautauqua as well as with the Independent Chautauque for several seasons. Miss Lewis is a niece of Mrs. Will Roberts of this city.

Much interest is being shown in the engagement at Memorial hall Wednesday of next week under the auspices of the Woman's Music club, Wolf-Farrario's opera, "The Secret of Suzanne" will be presented by the Little Opera company and a group of Ruth St. Dennis dancers and will be a drawing card for the club, certain to please the most critical by its delightful music and clever interpretations.

In honor of Miss Ruth Pugh, bride-elect of Raymond Miller, Misses Amber McGreevey and Nina Klay entertained a group of guests with a miscellaneous shower at the McGreevey home on S. Nye-st. Thursday. Through the evening cards and various diversions were enjoyed and at a late hour a dainty repast was served.

Those present included Misses Ruth Pugh, the honor guest; Clara McPherson, Marie Craig, Theresa Kelley, Desso Shook, Grace Polter, Florence McGreevey, Virginia Callahan, Lena Smith, Maude Kerr, Mrs. Fred Williams, Mrs. Fred McGinnis, Mrs. A. C. Peplot, Miss Rhoda Sullivan, Mrs. E. R. Munk of Columbus and Mrs. R. D. Anderson, of Wapakoneta.

Members of the Tri Theta sorority enjoyed a winter roast Wednesday evening. Guests of the sorority were Misses Edna Hawisher, Corrine Burroughs and Ola Klingler.

Miss Ouida Louden returned to New York City after spending several days with her mother, Mrs. Cynthia Louden and her sister, Mrs. E. C. Judy, of E. Pearl-st.

## MISS CHRISTEN'S DAILY PAGE OF CLUB AND SOCIETY EVENTS

Complimenting Miss Helen O'Connor, bride-elect of Fred Voss, Miss Beatrice Werner, of W. Wayne-st., received a group of guests at an attractively appointed 6 o'clock dinner at the Elks' Home, Thursday. Appearances were effectively used.

Miss Werner's guests included Misses Rose Irene O'Connor, Marie Malley, Lucie O'Connor, Josephine Hollors, Ruth Callahan, Pauline O'Connor, Cecelia O'Connor, Loreta Singler, of Sandusky; Florence Mullen, Miss Francis P. O'Connor, Mrs. George Shanahan, Mrs. James P. O'Connor, Mrs. William Sheffield, Mrs. Florence Helsenhoff, Mrs. T. A. Mulaney, Mrs. Roland Sellers and Mrs. John Kraus and the honor guest.

Mr. and Mrs. George H. MacMullen, of New York City will arrive in this city Saturday to be the guest of their daughter, Mrs. E. A. Williams, Jr., of S. Cole-st.

As an informal courtesy to Mrs. Edward Maxwell, of El Paso, Tex., Mrs. Ezekiel Owen, of N. Baxter-st., entertained with a prettily appointed 1 o'clock luncheon at her home, Friday. Guests were seated at one long table, which was effectively decorated. Centering it was a large basket of cosmos. A pink and white color scheme was detailed in all the appointments, pink and white baskets being presented as favors. Assisting the hostess were Mrs. F. L. German, Mrs. E. C. Powell and Mrs. M. D. Owen. Following the luncheon an afternoon of bridge and euchre was enjoyed.

Those present included Mrs. Edward Maxwell, the honor guest; Mrs. M. P. Guebschins, Mrs. W. G. Warfield, Mrs. L. P. Tobey, Mrs. E. C. Powell, Mrs. F. L. German, Mrs. W. B. Kirk, Mrs. John Harrison, Mrs. F. J. Eversole, Mrs. F. P. Stafford, Mrs. Allen Apples, Mrs. Robert Owen and Mrs. M. D. Owen.

Mrs. T. A. Mulcahy of Brice-ave, received the members of the Queen Sabie club at her home Tuesday evening. Bridge was the diversion of the evening, Miss Rose Irene O'Connor presiding high score. A handsome gift was presented Miss Helen O'Connor, bride-elect of Fred Voss. At the conclusion of the enjoyable evening the hostess served a dainty lunch. Guests other than members were Mrs. Ambrose Bishop, Misses Jeanette Mulhin and Marcelle Leonard.

Ralph Myers returned to Detroit after spending several days with his family, of N. Elizabeth-st.

Mrs. J. R. Welch, of Spencerville is the week-end guest of her daughter, Mrs. Charles Gamble, of W. Market-st.

Daughters of the American Revolution will meet Saturday afternoon at the home of Mrs. B. A. Gramm, of S. Cole-st. Assistant hostesses will be Mrs. Charles Gamble, Mrs. Amelia Davis and Mrs. Perry Collins.

The marriage of Mrs. Clara Slagle of E. Eue-st. and William H. Eichenlaub, of E. Eureka-st., Tuesday in Monroe, Mich., came as a complete surprise to their friends in this city.

Mrs. William Melhaffey, of Tulsa, Okla., is the guest of Mrs. Frank Maure of W. Market-st. for the coming week.

Mr. and Mrs. John De Turk, of S. Elizabeth-st. left Friday on an extended visit in Buffalo and Niagara Falls.

Mr. and Mrs. Wilton Decker left for their home in Breckenridge, Tex., Thursday after an extended visit with Mrs. Decker's parents, Mr. and Mrs. William Holleran, of N. West-st.

Mrs. H. T. Craig, S. Holly-st. was hostess to the members of the Armistice club Wednesday afternoon. Mrs. Craig was but recently adjuvant, other guests present being admitted into the club. Only one guest, other than the members was in attendance, Mrs. B. E. Robb, of Russell's Point, who extended an invitation to all the members for an informal gathering at her cottage at Russell's Point in a fortnight. In two contests, presented by the hostess, Mesdames Sparks, Saltz, Pence and Robb were successful. A delicious luncheon was served by the hostess assisted by Mrs. Sparks.

Next regular meeting will be held with Mrs. Dennis, of Elm-st. Arthur Rossfeld, of W. Elm-st. Thursday for Cincinnati to resume his studies at the Ohio Dental School.

Minister Everwyn, the new envoy from Holland, who has just arrived in Washington.

## SUSIE SMART SAYS

Dear Miss Smart:

AM a married woman and am having a little trouble. I am writing you to see if you can advise me as to what you think the proper thing for me to do. I have always discouraged my husband in calling on his relatives, as they do not seem to care anything about me. I get very provoked at him, as he insists upon going to see them. I always let him go by himself, as I don't care anything about going. Do you think it is right for him to go when he knows that they don't care for me?

YOU are making a serious mistake and now you should "take time by the forelock" and try to make reparations for your past mistakes. A wife should try in every way to be friendly and agreeable to her husband's relatives. You can see what a grave mistake you are making when you try to estrange your husband from his relatives. Perhaps that is why they feel somewhat prejudiced toward you.

It is only natural that your husband should resist your attitude in this matter. Instead of bringing band and his family as you have planned, there is a great possibility instead of a breach between your husband and yourself developing. If it doesn't end so seriously as this it will, doubtless, result in making you less and less acceptable in your husband's people.

Change your attitude. You are getting little enjoyment out of it. I am certain. Encourage your husband to go to see his people and let them see that they are always welcome in your home.

BROKEN HEARTED

## To the Ladies of LIMA

Our lady representative will call at your home to show you what Calumet Baking Powder will do for you and why it is called the cook's best friend.

The demonstration and test she will make are interesting and instructive. The test is not a comparative test of the strength of different baking powders because the water glass test does not show the strength of baking powder that does not contain white of egg. The test will, however, show the superiority of Calumet in other respects and prove why it has solved all baking problems in millions of homes. Calumet is not only the best leavening agent possible to make, but it is sold at a popular price and is therefore an important factor in reducing the high cost of living.

Calumet is manufactured in the largest, finest and most sanitary baking powder plant in the world, by experts who make nothing but baking powder. Calumet received the highest awards for purity and efficiency at the world's greatest pure food exhibitions at Chicago in 1907, and at Paris, France, in 1912. Calumet contains only such ingredients as have been officially approved by the United States Food Authorities.

Calumet is guaranteed to be Pure in the Can and Pure in the Baking. Try Calumet once at our risk. Your money back without question if it isn't the best baking powder you ever used.

We thank you in advance for any courtesies shown our representative and earnestly solicit your valued patronage.

**Calumet Baking Powder Co.**

## Printzess Style Revue

The Week of October 3rd to 8th 1921

Presenting the new Autumn mode in Printzess Coats and Suits

IN arranging the Printzess Style Revue, we anticipated success for it but we have been pleasantly surprised at the complete response of feminine approval it has claimed.

If you have not yet visited this Style Exposition, we would remind you again not to neglect this opportunity of seeing the Printz models of suits and coats for women and misses and coats for girls. In them you will find the highest development of the tailored mode, including all the true style features from Paris, yet without extreme effects.

You will be delighted with Printzess values in tailoring, fabric and detail and surprised at the moderate prices. The Style Revue is now at its height. You may see it in its entirety any time during the week, but we suggest an early visit—perhaps today.

# A SCOUT FOR VIRGINIA

By MUGH PEINDESTER.

I followed the river, the cord of the bow, and made good time where the army would have had difficulty to get thru. A dozen miles below the falls I crossed and barely cleared the river bank before I was held up by an outpost.

I told him I had important news for Colonel Lewis and must not tarry. I led my horse on toward the camp, concealed from view of the river bank by a ribbon of woods. The first man I met was Davis, and the honest fellow was so rejoiced to see me that he dropped his gun and took both my hands. Big tears streamed down his face.

I hurriedly related my adventures, and his joy was trebled when he heard that Patricia was safe at Howard's Creek.

"Shelly Cousin shot and hit Dale. He told us 'bout that. Powerful glad to see you. We'll be-see'n more of each other, I take it. How's my woman? Good. Moulton's out on a scout. Silent sort of a cuss—these days from thinkin' 'bout his woman and th' children. But a rare hand in a mess."

"And Cousin?"

"Say, Morris, that feller acts like

he was reg'lar happy. He's a hal-lion at scoutin'. Poor Baby Kirst! I must 'low it's best for him to be wiped out, but too bad he couldn't 'a' made his last fight along with us. There's th' colonel."

I passed on to where Lewis was sitting on a log. On recognizing me the colonel's eyes flickered with surprise, as the report of my capture had spread far. He rose and took my hand and quietly said:

"I knew they couldn't hold you unless they killed you on the spot. What about Miss Dale?"

I informed him of her safety and his face brightened wonderfully.

"That's good!" he softly exclaimed. "A beautiful young woman, the kind that Virginia is always proud of. Ericus Dale was lucky to die without being tortured. Now for your news; for you must be bringing some."

I told him of the mighty gathering at Chillicothe and of the influx of the fierce Ottawas. Lost sister's warning to me to keep clear of the Great Kanawha impressed him deeply.

He kindly offered to attach me to one of the companies as sergeant, with the possibility of appointing me an ensign, but I preferred to act as scout and enjoy more independence of action.

Before I was dismissed I asked about Cousin. The colonel's face became animated.

"He's out on a scout. That fellow is absolutely fearless. It's useless to lay down a route for him to scout; he grows where he will. But he's valuable and we let him have his own way."

On the next day we marched to the mouth of the Elk, where Col. Charles Lewis was completing arrangements for transporting the supplies down the river. While at that camp I went on my first scout.

On returning, I found Cousin impatiently waiting for me to come in. He had changed and his bearing puzzled me. He was given to laughing loudly at the horseplay of the men, yet his eyes never laughed. I took him outside the camp and without circumlocution related the facts concerning his sister and Kirst.

"Tell me again that part 'bout how she died," he quietly requested when I had finished, I did so. He commented:

"For killing that redskin I owe you more; I would if you'd saved my life a thousand times. So little sister is dead. No, not that. Now that woman is dead I have my little sister back again. I took on with this army 'cos I could reach the Scioto towns. To think that Kirst got way up there! I 'low he had a man's fight to die in. That's the way. Morris, I'm obliged to you. We won't talk no more 'bout it."

With that he turned and hurried into the woods.

We were at the Elk camp from the twenty-fourth to the thirtieth, and on the latter date the canoe-men loaded their craft, and the pack-horse men and bullock-drivers drew two days' rations and started down river. It had rained for three days and on October second we were camped near the mouth of the Coal. It was there that Cousin ap-

peared, a Mingo scalp hanging to his belt. He informed Col. Lewis he had been to the mouth of the river, making the down trip in a canoe, and that as yet no Indians had crossed except small bands of scouts.

I saw nothing of Cousin until the sixth of October, as we were finishing an eight-day march, thru long defiles and across small runs and were entering the bottom which extends for four miles to the Ohio.

The first that I knew he was with us was when he walked at my side and greeted—

"There's goin' to be a screamin' big fight."

Cousin discovered a writing made fast to a tree, calling attention to a paper concealed in the hollow at the base of the tree. We fished it out and found it was addressed to Col. Lewis. Cousin and I took it to him. Before opening it, he gave Cousin a shrewd glance and remarked:

"I am glad to see you back, young man."

"If I've read the signs right I 'low I'm glad to git back," was the grave reply.

(To be continued.)

## A WIFE IN THE MAKING

By PHYLIS PHILLIPS

### THE DISGRUNTLED WIVES MEET

The disgruntled wives' club was in high feather when Cherry, proudly escorted by Jack, arrived at Beth Wilders' door some few minutes later. For disgruntled wives, the young women congregated round a snapping fire certainly believed their name. Even Jack could see this, as he "peeked" into the cozy room before leaving.

Cherry was greeted with cheers as she appeared and Beth came forward immediately to do honors to this most welcome guest.

Over their steaming coffee cups the various wives sat and laughed heartily at the jokes and the bits of news that Cherry regaled them with. As one of them put it, "You certainly don't look as if you

had one little thing disturbing you in your married life, Mrs. Randall."

"Oh, there you make a mistake," answered Cherry quickly, setting down her cup as she spoke. "I've heaps of things." And she told of her encounter with her mother-in-law some few hours back. The story was greeted with smiles and nodding of the heads and Cherry knew that one and all understood.

"Now, then, have you girls finished reading the books I prescribed for you last week?" she asked sternly. "Beth, did you read every word in Ellen Key's 'Love and Marriage'? Yes? Very good. I hope you understood that brilliant lady's philosophy. And will be able to

apply some of it to your own home life."

"Rose, what did you think of May Sinclair's 'Mary Oliver'?"

At Rose Marshall's appreciative criticism of that book Cherry clasped her hands enthusiastically.

"Billy and I have been getting along worse than ever, in spite of Advice to the Young Wife" that you begged me to read," wailed a tired-eyed little blonde, Harriet Dell, sadly.

"Give him a vacation," suggested Cherry wisely. "He's run down, nothing could possibly help him or you till he's played for a while. Pack his grip and send him off to the woods for two weeks, dear girl."

A great buzzing broke out after this. One and all had some story, some problem to propound to the charmed circle. Cherry, as official head of the meeting, was kept busy answering questions and giving advice to the various members. She managed marvelously for so young a wife and one and all seemed to hang on her every word with almost childish faith.

"Alice, dear child, how is the baby? And is everything going the way I told you it would last time I saw you?" asked Cherry of a girl at her right.

"Everything's just splendid, Mrs.

Randall. Tom is a reformed character. I don't nag at him any more, no matter what he does. It has worked like a charm. Honor bright. Why, he actually brought me home a box of candy tonight and didn't seem a bit angry at my coming to the meeting, either."

Beth Wilders alone, had a bad report to make. Dick, her husband, refused to see light, according to her, and in fact was up in arms against any rebellion, spiritual or physical, on the part of his wife. "I'll not support any woman who is chuck full of 'isms,'" he had told her in pretty positive tones. "And I'm surprised to see you acting so childish after five years of marriage."

"Hard words to have to listen to when one has suddenly become a modern young woman, with all the new hopes and beliefs."

"I'll talk that over in private with you tomorrow, Beth," said Cherry, smiling. "We'll have lunch together, you and I. So don't worry about it anymore, dear girl. Everything'll be all right."

It was as the words were flying fastest that there came a knock at the door and upon opening it Beth disclosed to view the screwy form of Miss Lottie Perry, the town gossip, standing grimly in the hallway.

(To be continued.)

**Cuticura Beautifies Your Complexion**

200 South Main St., Lima

# Sport Cores

The country town team played a basketball game in a barn that was tattered and torn. And the very first goal that they scored about landed plump in a basket—of corn.

'Tention, bowlers! Yes, tonight's the night. Lima Bowling Association to be organized.

All pinmen in city should be at Broadway Alleys at 8 p.m. South plays Findlay on their field here Saturday. Central goes to Van Wert.

We asked Nick Altrock the other day who he thought would win the world series, and he leaned far over and whispered: "New York!"

'Tis true he saw the baseball game. He could not pass it by: But when the ball a knothole hit, it down near closed his eye. Harvard has engaged a coach to teach javelin throwing. If it wasn't for the fact that most students are experts, a galloping domino coach probably could land a job there.

Who is middleweight champion of the world? CHEESE. Has been known since earliest times the oldest mention dating as far back as 1409 B. C. There are 150 different varieties. It is composed mainly of fat.

Back in 1880 eight called balls were necessary before the batter got a free quarter-way ticket. But the Babe Ruths of that day got a chance to hit occasionally.

Something wrong with the international court established by the League of Nations. Don't see Tex Rickard's name among the list of members.

Eddie Herr, Tiger scout, says that Arnold Stutz, an outfielder with the Los Angeles Coast League team, is the best gardener in the minors. The Tigers wanted him, but Owner Wrigley's going to send him east with the Cubs in the spring.

The football players tackled him. And the roar and din, And in the mud he left imprints of nose and cheek and chin.

If the Middle's football team is any criterion, the navy had better hang onto the battleships for a while. For the Middies fell down bad in their aerial attacks.

## Await Quakers

WESTERVILLE — Otterbein held its last scrimmage before the opening football game here with Wilmington Saturday. The Quakers from down the state are well supplied with football material for the first time in years and when Captain Lukens of the visitor leads his men on the field the local team will by no means be assured of the easy victory it thought it had scheduled.

## Tackles Hoosiers

GRANVILLE — Coach Livingston sent the Denison squad thru a signal drill and light scrimmage in the last night of practice before the opening game with Butler Saturday. Butler is expected to have a light but exceptionally fast team and as Denison has the same reputation, a fast game for so early in the season is expected. This will be the first game to be played on the new Deeds field. A homecoming parade will be staged before the game.

## Two Men Out

CLEVELAND — When Western Reserve tackles Heidelberg tomorrow it will present a different lineup from the one which played the Akron eleven last week. Injuries received by Quarterback Wolfe and Halfback Bard in last Saturday's game will keep them out of the game. Coach Dane plans on shifting Klump from half to quarter and play Greenfield and Smith Davis at the halves.

## Good Record

WOOSTER — Wooster starts the new football season with twenty-one consecutive victories gained thru two seasons' play. Masie is out with an injury and local fans are wondering if the team will come thru with another victory. The team's defensive play continues to improve. Wooster's offensive strength is unknown, as the back field is practically made up of new men.

# LIMA BOWLING ASSOCIATION TO BE ORGANIZED FRIDAY NIGHT--NEWS TO GIVE TROPHY

Over 500 Lima and Allen-co bowlers undoubtedly will attend the mass meeting of pinmen at the Broadway alleys Friday night at 8 o'clock, when the Lima Bowling Association will be organized in affiliation with the American Bowling Congress.

At this meeting plans will be formulated for the starting of The Lima News' Individual Championship Cup Tournament, which will probably start within two weeks and

run thruout the winter and until the close of the bowling season early next spring.

The tournaments will be rolled on the alleys named by the governing committee, which is to be selected Friday night. Contests will be scheduled on all alleys in the city. Each entrant will roll every other man in the tournament.

The score of every bowler will be kept, filed and tabulated. At the end of the season the finals will be bowled between the highest scores. To the winner will go the title of being the best individual bowler in Lima and a large silver loving cup which will be presented by The Lima News.

Fans believe that bowling will be stimulated here this winter with the organization of The Lima Bowling Association, inasmuch as the game will be promoted whole-heartedly and all tournaments and contests will come under the supervision of the association.

Frank Seibert, formerly of Toledo, but now of Lima, who is recognized as one of the best pinmen who ever rolled a ball at the maples, is instrumental in organizing the association here.

H. H. Sterrett has pledged to back him, as his scores of other prominent maple topplers in the city.

At the meeting Friday night all officers will be elected.

# South Plays Findlay Here; Central Goes To Van Wert

Both Lima High Schools Have Stiff Opponents to Buck Up Against In Games to be Played on Gridiron Saturday Afternoon—Dope Piles Up

ITH South Hi playing Findlay here and Central journeying to Van Wert to meet the high school gridiron team there, fans will be provided with more dope in sizing up the best football squad of the two Lima schools.

Findlay is one of the strongest eleventh South Hi is scheduled to meet this season and the game is one of their most important struggles.

Coach Young has been putting the finishing touches on his team and reports that they are all set for the game, but will hold a light workout on the field Friday afternoon.

Detrick at Central believes he has overcome the weak spots which showed up in the game last Saturday with Fremont, and that at Van Wert they will put up a stiffer game.

The South mentor has the best bunch of candidates in the history of the school. There is an abundance of line and backfield candidates, and best of all, most of them have a fairly good knowledge of the game.

**BYE, BYE—SOUTH**  
A week from Saturday South goes away for its first game of the season on a foreign field. They will tackle Bluffton Hi at Bluffton, while Central will play Bowling Green here.

It has developed that the South Hi eleven will have an advantage over Central before their annual game on November 24. The Saturday prior Central will play Forest Hi here, while South will rest preparatory to the supreme Thanksgiving Day struggle. Undoubtedly they will take advantage of the rest and collect a lot of valuable information concerning any new defensive and offensive plays developed by the up town school.

## Barnes Here

George Barnes, Chicago, arrived in Lima early this week to finish training for his four round preliminary at Charley Maxwell's fight Tuesday night. He meets "Speck" Kessler, Delphos.

Tommy Harrison, who is said to be from Chicago but who has been engaged in construction work in Lima this summer, fights K. O. Jeakle, of Bradner, in the main go. Jeakle has eight consecutive knockouts to his credit.

More interest is centered on the eight round bout of Red Young against "Pig Iron" Turner, than in the main go. Betting is reported even.

## Carl Mays Pitches Today's Game

PHILADELPHIA — Manager Huggins of the New York Americans, was expected to send his pitching ace, Carl Mays, against Philadelphia today in an effort to clinch the American League pennant.

Moore or Rommel probably will be his opponent in the box. Rommel checked the Yankees on their last trip here.

A victory today would give the New Yorkers the pennant. In addition to today's contest they would have two more scheduled games, both on their home grounds.

They are booked to meet the Athletics on Saturday and Boston on Sunday.

# New York Giants Are The 1921 National League Champions

THE New York Giants are the 1921 National League champions. While they accomplished the feat mainly by their own efforts, it remained for the St. Louis Cardinals to give them the final shove that placed them beyond the reach of the Pittsburgh Pirates, no matter what happens in the remaining games.

New York was idle but the Cardinals, on their own stamping ground, walloped the Pirates twice yesterday and settled the league championship. But they also created a new possibility—that of tying the Pennsylvanians for second honors. These two clubs have three more games to play in the present series and if the floating Cardinals make a clean sweep, they will come up to even terms with Pittsburgh.

**USE TWO HURLERS**  
One of Pittsburgh's own sons, Bill Dink, pitched St. Louis to victory in the first battle, 5 to 4, in ten innings over Wilbur Cooper. The second, an abbreviated affair of six innings, due to darkness, was credited to Pitcher Sherdel's winning column. The clubs made the same number of hits in each game, 10 apiece in the first and five each in the second.

With the Giants "in," the Yankees are almost there. The latter team was successful against the Athletics yesterday, five to nothing, without the aid of Babe Ruth, who was suffering from gripe. It was said that Ruth probably would be well enough to return to the game today. Pitcher Shawkey of New York allowed only four scattered hits.

## They'll Need It

DELAWARE — Ohio Wesleyan gridmen were resting today preparatory to their game with Ohio State at Columbus tomorrow. Coach Ganthier expects to take the team to Columbus tonight or early tomorrow morning. Nearly one thousand Ohio Wesleyan voters expect to see the game tomorrow.

## HARROD FAN HAS THE RIGHT DOPE ON IT

A HARROD baseball fan comes thru with a suggestion quite interesting. Why wouldn't this be a good plan? Let's hear from you.

Sporting Editor: I am writing this to you because I believe you will see it thru. Why not arrange a baseball tournament of all Allen-co teams, and let them decide the championship of the county.

I have seen several of the teams play and I know of teams in Allen-co that could give the Lima Independents a race for their money. They are Delphos, Spencerville and Harrod. All have very good teams.

Yours, A Baseball Fan.

# 7th Pennant Is Won By M'Graw

NEW YORK.—By winning his seventh pennant for the New York National League club, Manager John J. McGraw tops all other managers in the number of championships. He was tied at six with Manager Connie Mack of the Philadelphia Athletics until he piloted the 1921 Giants out in front. The Giants won their first National League pennant under McGraw in 1904. They repeated the next year, when they won their only world's championship. They also won the league title in 1917, 1918, 1919 and 1920.

## Helped Babe

NEW YORK—Victory for Yankees coupled with Cleveland's defeat, was as good medicine for "Babe" Ruth's cold that kept him indoors yesterday. Mrs. Babe declared today.

"Babe had a bad cold," she said, "but the day's rest and the tonic of a Yankee victory combined with a Cleveland defeat, simply worked wonders for him. He is going to take an early train for Philadelphia and is also going to try to run his home run record up to sixty before sunset."

## Here's a New One

PPITTSBURG.—A night shoot, under the glare of powerful electric lights, will be staged by trap shooters of Western Pennsylvania at the Pittsmin Gun Club next Thursday night. The contest will open at 8 p. m., and will be of fifty targets. Contestants in a recent night snoot at the club turned in scores of 90 per cent and better.

The equatorial seas, where calms and squalls alternate, are known among sailors as the doldrums.

# CHORUS GIRLS ENVY HIM! Tris Won't Lose Hope Until End

Thornton, Columbia's fullback, counted upon to win many a grid-lookatim kick! His punting is iron struggle for Columbia.

# Tris Won't Lose Hope Until End

CHICAGO — Tris Speaker today led his Cleveland team in a forlorn hope against Chicago, glancing anxiously by innuendo over his shoulder at the scoreboard that told of the progress of the New York-Philadelphia game.

One meant as much as the other — an Indian loss or a Yankee win and the 1920 world champions would join the ranks of "formers" that 1921 has produced.

Two and a half games back of Miller Huggins' New York club, Cleveland's only chance for taking the American League pennant is to win the remaining three games of the White Sox series while the Philadelphia tail enders take two and Boston one from the Yankees.

Turned back yesterday by the diminutive Kerr, Cleveland today faced the prospect of battling against Red Evers, one of the very few American League pitchers with a winning total of 25 games or more.

Fair and cooler weather was promised for today's game. The teams battled yesterday on the hottest September 29 in many years.

## Revenge Stuff

OBERLIN—Unhindered by an accident list such as proved Oberlin's undoing last season, Oberlin expects to win the game with Wittenberg here tomorrow. Throuth the week, the first string men have been going at a speed pleasing to Coach Metcalf. Since Wednesday, secret practice has been the rule.

# Earl Cooper Is To Race Again

FRESNO, Calif.—Re-entry of Earl Cooper into the automobile racing game became known today when it was announced he would substitute for Joe Thomas in the 150 mile National championship to be run here tomorrow. Thomas is ill from blood poisoning and his physicians said amputation of an arm might become necessary.

Nine drivers will compete in elimination tryouts that will start today. They are:

Roscoe Saries, Jimmy Murphy, Tommy Milton, Eddie Hearne, Earl Cooper, Eddie Miller, Milton Soules, Frank Elliott and Jerry Wonderlich.

## Goodbye, Nags

COLUMBUS — Columbus bade farewell to the Grand Circuit caravan her today with a program of four class races to complete. The 2:13 pace, the 2:06 pace, the 2:13 trot and the 2:10 trot make up the card.

Many of the horsemen already are moving to Lexington, Ky., the next stop. Walter Cox, well known reinsman who is ill at a local hospital, was much improved today. His illness has been pronounced a mild attack of appendicitis. An operation will not be attempted at the present time, it was said.

No substance that will not dissolve in water has an odor.

In Switzerland the poppy is a love token.

# LIMA THEATRES

**N**ELLIE Breen, the sensational little dancer in George White's Scandals, coming to the Faurot on Monday, October 3rd, though only a youngster has, during her eighteen years, danced herself around the world. She is the youngest of the six daughters of Tom Breen, one of the great vaudeville performers, who is as well known in Europe and in the Orient as he is in America. The Breen family will be remembered here for their excellent work in Charles Williamson's "Chin-Chin" and at the close of the season they were engaged for the Hippodrome and it was here that Miss Breen received her first real criticism; criticism that compared her art to that of Genee and Pavlova.

She is one of the most versatile dancers on the America stage and dances in every style from the severely classical style to clog and soft shoe dancing. In the present offering she does a solo on top of an upright piano that is as novel as it is unusual.

**I**f ever a pair of lovers had a strenuous time in removing the obstacle or obstacles in finding happiness, this pair in "Woman Who Wait" are the ones. At every turn in their romance lurks the demon jealousy, in the form of an older brother, who cooks up plot after plot to separate his younger brother from the girl in the case. Of course, you know all along that the younger brother will win out, no matter what the effort.

The story of "Woman Who Wait" takes place in a Cape Cod fishing village. Two brothers love the same girl. One brother is a cruel, hard man, who nourishes an unholy hate for his young brother, who is kind and gentle, etc. Well, knowing the girl loves his brother, the cruel one devises a scheme of lies, whereby the chosen one is sent from home and reported dead. More lies persuade the girl to marry the older. Then ze grand climax!

Young brother comes home. He had never been killed and he is ready to pay the villain for stealing his happiness from him. So the principals repair to a lighthouse, in the midst of a raging storm, there to make the ending more effective. Whether the producers succeed or not, we leave to you. However the villain is sent to his death leaving the lovers happy.

Marguerite Clayton, as the girl who inspired all this trouble, still clings to her serial training. She grows dramatic at every turn, and innumerable closeups are given to show the emotion she CAN'T demonstrate. Creighton Hale is presentable as the younger brother, while George MacQuarrie is perhaps the most talented actor in the group. Sub-titles are stagey and uninteresting and the photography is far from perfect.

"Woman Who Wait" is appearing today and for the remainder of the week at the Lyric theatre.

**W**ELL, well, it seems that Mr. Mix has decided that authors who write for him don't give him enough action. He wants more room in which to move around. So he sez to himself, sez he, "I'll write my own story, by gum." Hence "A Ridin' Romeo."

In the particular story, Mr. Mix

has certainly given himself enough to do, and he is kept comfortable busy throughout the whole five reels. He is cast as Jim Rose, a cowboy by training, intuition and desire. He liked two things—excitement and Mabel Brentwood, (played by Rhea Mitchell.) He had a fertile brain, did Jim.

Jim's big heart opens wide when he finds a poor little baby seemingly abandoned on a rock. He takes it home to his cabin and congratulates himself for having been so fortunate as to happen along in time to save it. The next thing he knows he is being arrested for kidnapping and spends the night in jail. It seems everyone is against him, that is, all but his sweetheart, but truth, like murder, will out, and when it is discovered that Jim isn't a kidnaper at all, just a pleasure loving cowboy with a knack of getting in wrong, the people suffer a change of heart and it ends happily, with Mabel smiling up into his eyes after the fashion of these western heroines.

This Tom Mix picture has plenty of snap and action, and Mix fans are sure to find it palatable enjoyment.

**THEATRE DIRECTORY**

**AT THE FAUROT:**—The Cecil DeMille special attraction "The Affairs of Anatol" with the greatest cast ever assembled for a single picture, terminates its engagement on Saturday night at the Faurot Opera House. (Continued On Next Page)

**SHORT SHAVINGS**

B. Hawkins, salesman, entered a market-st car at the end of the line. No one was in sight when he approached, he says, but when he boarded the car he found several passengers engaged in rolling the "Mississippi marbles." He joined the game and made capture.

FRAN CLARK sent a new pair of extra fine pajamas out with a bundle of laundry to a substitute laundress.

Ed Brown, visiting in Auglaize-co, asked a neighbor what made the creek so high. The neighbor had an answer ready. He said: "The water from up stream does it."

Jack Beall, Sr., reports a friend was given a peach to eat in the parlor. "He didn't see any place to put the pit," says Beall. "So he politely swallowed it."

A Lima man made a mess of kitchen beer, and filled a great glass bottle which held several gallons. His wife set him to mopping up the floor. He showed the bottle to wipe under it. It shot across the soapy floor, hit the wall, and broke. "Then," he says, "I had the whole brew to mop up."

T. E. Leland, general freight agent for the D. T. & L., has resigned, effective October 1st. He had been with the company since 1936 and for two and a half years was in charge of the freight business between Lima and Ipsodon. Seaplanes were used extensively as air taxis in the Adirondacks.
